State Farmers Get \$28,000,000 For 1,200,000 'Banked' Acres

... 400,000 ADDED DURING LAST WEEK SIGN-UP RUSH IN NEBRASKA

By ODELL HANSON
Associated Press Writer
That was quite a "run" on the soil bank made by Nebraska's corn farmers last week, and state agricultural officials Wednesday had the figures to prove it.

Preliminary and still incomplete tabulations showed more than 400,000 acres added to the soil bank corn acreage reserve during the final week of sign-ups, boosting government payment totals by more than 10 million dollars.

Incomplete final returns showed banked acreage up to 1,273,066 on which payments total \$28,028,187. And reports still hadn't come from some of the premier corn counties such as Saunders and Butler, where county officials were overwhelmed by a late outpouring of farmers spurred to sign-ups by two days of sizzling weather that knocked the props from under corn prospects.

800,000 Corn Acres
A week prior to last Friday's deadline, Nebraska farmers had banked 804,888 acres under the corn program, for which they stood to collect \$17,244,106.

Revised figures still were awaited from 15 counties—Butler, Dixon, Gosper, Greeley, Knox, Merrick, Pawnee, Perkins, Phelps, Saunders, Sheridan, Stanton, Garfield, Loup and Wheeler. Many of these are counties which experienced the boom in sign-ups last week and their reports are expected.

ed to boost the corn totals considerably. The statistics were compiled at the State Agricultural Stabilization and Conservation (ASC) office. Lancaster County reported a total

of 18,731 corn acres banked, making county farmers eligible for payments of \$378,147. ASC officials had expected no great rush of soil bank business last week. The deadline for sign-

ing of agreements originally had been set for July 20 but was extended one week by the Department of Agriculture. State ASC men figured most of Nebraska's sign-ups had been made by the earlier deadline, but the disastrous effects on corn from last week's heat wave changed the picture. Farmers flocked in to "bank" drought-hit corn acres and assure themselves at least some income from the land.

The rush carried the statewide total of corn and wheat agreements signed beyond the 50,000 mark.

Totals Incomplete

Here are incomplete statewide totals, using week-ago figures in the 15 counties which haven't yet supplied new reports:

Wheat agreements signed—3,669.
Corn agreements signed—48,369.
Wheat acres banked—94,538.
Payments for banked wheat—\$542,650.
Corn acres banked—1,273,066.
Payments for banked corn—\$28,028,187.

Typical of counties in which farmers made a rush on soil bank sign-up offices last week was Boone. A week earlier, Boone farmers had signed corn agreements paying \$710,274. By deadline time, this had been increased to \$1,223,560.

Colfax farmers boosted their corn sign-ups from \$685,419 to \$1,005,446 during the week. Fillmore County corn farmers had signed agreements returning \$320,003 for corn acres banked at the week's start, but by the week-end had boosted the total to \$1,049,004.

Incomplete returns showed Platte County leading the corn sweepstakes with sign-ups for \$2,135,505.

Free Beef, Beans At Fair-Centennial

3,500 Attend Centennial Barbecue At Tecumseh

By DEL HARDING
Star Staff Writer
TECUMSEH, Neb. — More than 3,500 persons turned out Wednesday evening for a free barbecue at the Johnson County Fair Grounds.

The barbecue was the highlight of Wednesday's activities in the joint Johnson County Fair-Tecumseh Centennial celebration. More than 1,500 pounds of beef and 150 gallons of pork and beans were served by members of the county's VFW and American Legion organizations.

Following the barbecue the Tecumseh City Library was presented a shelf of books in memory of Eugene Manlove Rhodes, Tecumseh-born author of Western stories. His son, Allan Rhodes of New York, made the presentation.

Queen Crowning
Thursday's program will include a 30-foot parade, crowning of Centennial Queen Joyce Brock of Tecumseh by Gov. Victor E. Anderson and first performance of the "Pages of the Past" pageant.

More than 300 Johnson County residents will participate in the pageant, which was written by Judith Douglas of Tecumseh. Robert D. Moore of Peru State Teachers College will direct the production. The pageant depicts the 100 years of Tecumseh's history.

Wilber Chenoweth, Tecumseh-born composer, will direct the pageant chorus Thursday night in its presentation of "Rise Men Courageous," one of his compositions. He now lives in California.

Livestock Entries
The number of entries in 4-H livestock competition was "above normal," according to Les Little secretary of the centennial committee. Winners included:

Norman Leuenberger, grand champion steer; Don Leuenberger, reserve champion steer.
Arlyn Niemann, grand champion fat heifer; Dennis Niemann, reserve champion fat heifer.

Wilma Field, grand dairy champion; Richard Peterson grand champion sheep; and Esther Lintz, clothing judging champion.

Marjorie Jean Lintz, daughter of Mr. and Mrs. Raymond Lintz of Tecumseh, was chosen 4-H Fair Queen. County Agent Lewis Boydens was named king.

Rain Said Too Late To Help State Corn

Pastures Could Yet Improve—If; More Moisture Still Needed

By BARBARA HEMPHILL
Star Staff Writer

Good rains over much of southern Nebraska were too late to help corn much, most county agents agree.

But the rain might help some drought-hurt corn to mature enough to make some forage feed, according to Kenneth E. Logan of the state-federal division of agricultural statistics.

Recent rains also might make some grain feed from sorghum, a harder crop than corn where drought is concerned, Logan said. They also will help keep alive pastures which were not already gone, he said, and help set the stage — if more rain comes — for late August planting of rye, which could make some fall pastures.

But that "if more rain comes" contains an important "if" which farmers and county agents aren't overlooking.

"Two-thirds to three-fourths of Nebraska County still is in pretty good shape with this rain, if we get some more," according to County Agent Robert Wilson of Auburn.

Covered County
The Tuesday rainfall covered the county fairly well, he said. Amounts ranged from half an inch to 2.47 inches at Auburn. The biggest share of the county got more than an inch, Wilson said.

Hail did 50 to 100 per cent damage around Howe, five miles south of Auburn, in an area about three miles wide and three miles long. That area is part of a three by 10-mile strip already damaged by hail two weeks ago.

Nemaha County has not asked for drought relief in the form of permission to graze livestock on soil bank land.

Otoe Crop 'Half'
Otoe, along the Missouri River north of Nemaha, "will have about half a corn crop, countywide," according to County Agent Richard Crom of Syracuse.

Otoe County asked for and received permission for grazing of soil bank acreage. The storm, which brought 2.92 inches of rain at Syracuse but less than half an inch in other parts of Otoe County, was accompanied by winds which damaged a few small buildings near Unadilla.

Some crops were laid down by the wind and rain, Crom said, but corn came back up. However, some corn was damaged "so much it will be put in the silo for sure," he said.

But the rain will revive pastures and might give alfalfa a little more growth for hay, Crom said. Otoe County has suffered very

little hail damage during the summer. But hail this summer has "practically eliminated" about 90 square miles in Saline County, as far as crop chances are concerned, according to County Agent Harold Vanderiet of Wilber.

Saline County, southwest of Lincoln has made no bid for federal drought relief.

Rains Spotty
"Quite spotty" rains ranged as high as two inches in some parts of the county, but most areas got less than an inch and some got very little.

A good share of the corn was past repair, Vanderiet said, "but feed milos will improve."

Seward County, just north of Saline, also had spotty rains, with most of the heavier amounts falling in the southern part of the county.

'No Help'
"The rain was no help to crops," County Agent Lowell Jepson said. "About all it will possibly help is some of the grain sorghums."

The rain also might help keep pastures alive and will do some good for trees and lawns, he said.

About one-fourth of the corn acreages in Seward County has been hit by hail throughout the summer, Jepson said, with damage varying greatly and as bad as 100 per cent in some areas.

Seward County has been designated a drought disaster area.

Corn Badly Burned
So has Fillmore County, where rains ranging from an inch to 2½ inches covered almost the entire county.

"It's too early to say whether the late moisture will help much," County Agent I. E. Lindstrom said, "for corn was badly burned."

Fillmore County contains a 10 to 15 square mile area northwest of Shickley where crops suffered a 90 per cent loss from hail several weeks ago.

In south central Nebraska, hail damaged crops northeast of Upland in Franklin County. The Tuesday hailstorm was accompanied by 2.34 inches of rain.

Corn also was damaged by hail and wind at Orleans, in Harlan County.

The Alligator ... With Capturers Kenneth, Bob, Dick And Dean

THIS ALLIGATOR NEEDED NAVIGATOR

By BARC BAYLEY
Star Staff Writer

"See you later, alligator."
That is probably what somebody said when he released his pet alligator to swim in the Missouri River.

It was seen later, all right, by four Humboldt, Neb., boys who captured the 40-inch, 9-pound reptile as it sunned itself on a sandbar in the Missouri near the mouth of the Nemaha.

"It's just about impossible that the 'gator is anything but a pet," State Game Commission Secretary

Melvin Steen said Wednesday. He pointed out that the nearest wild alligators are in Louisiana and said the beasts are very reluctant to travel.

Real Cool
Steen added that Nebraska winters would freeze a 'gator stiff.

"Things like this keep popping up all the time," he said. "People get little bears, coyotes, alligators, etc., for pets and then let them go when they get too big to handle."

Pet or pioneer, Mr. (or Miss) Gator now makes its home at the

residence of Dick Kroupa, one of the youths who caught it.

Dick, with Bob Albright, Dean Koeske and Kenneth Bower, nabbed the critter with a pair of hastily-carved, forked sticks. The foursome then jammed a stick in its mouth and bound its snout to immobilize the powerful jaws.

They reported that a second alligator dove into the river and made a successful getaway while the boys wrestled with the one they captured.

Anyone for a dip in the Missouri?

HODGE AID IS FOUND DROWNED

... Not In Check Scandal

SPRINGFIELD, Ill. (U.P.) — H. Kendall Olds, administrative assistant to deceased state auditor Orville E. Hodge, was found dead Wednesday, his body floating in Lake Springfield.

Olds, whose name has not figured in the Hodge million dollar state check cashing scandal, had been chiefly engaged in doing public relations work for the resigned auditor. He was described as "personally devoted" to Hodge.

Olds, 46, married and the father of a 10-year-old daughter, left home at 8 p.m. Tuesday. He was seen later, alone and appearing glum, in a tavern near Lake Springfield, some 12 miles from the state capital.

His clothed body was found Wednesday, a few feet off shore from the Sangamo Surf Club—about four miles from Hodge's sumptuous home on Lake Springfield. On shore, nearby, was parked the state car assigned to him. Cigarette stubs littered the ground around the car. A vial of pills was on the car's front seat.

Wednesday was the Olds' 12th wedding anniversary.

Coroner William C. Telford ordered an autopsy to determine the cause of death. He said he expected a report Monday. He said there were no marks of violence on Olds' body to indicate foul play. No notes were found.

Failed To Return
Olds' wife, Thelma, had telephoned the auditor's office before his body was identified to report that he had failed to return home.

Lloyd Morey, former University of Illinois president who was appointed auditor to complete Hodge's unexpired term, said Olds was "responsive and dependable" and that "there was no question of his honesty."

Olds and other administrative assistants in the auditor's office theoretically worked under Edward A. Epping, Hodge's chief of staff who is under federal indictment for conspiracy to misapply federally insured bank funds. However, associates said Olds was not required to clear his public relations copy with Epping.

Big 3 OKs Action On Suez Control

... Force Possibility 'Recedes'

LONDON (AP)—The foreign ministers of Britain, France and the United States agreed Wednesday night to call an international meeting—including Egypt and the Soviet Union—to establish international control of the Suez Canal.

The agreement was disclosed by an American informant who said "the possibility of forceful action" has receded.

He said that during U.S. Secretary of State Dulles' meetings Wednesday with Prime Minister Eden and the British and French foreign ministers the possible use of force to insure international control of the canal appeared to have been accepted as "a last resort."

Presumably only a hostile act by Egypt against British or French ships would bring military action by those countries.

'Solution'
When the foreign ministers' meeting broke up near midnight, Pineau told reporters agreement had been reached on means of seeking a "political solution" to the Suez Canal question.

"If that is not accepted, we will have to seek other means," he said.

Dulles left the meeting at the French Embassy an hour before it ended. Deputy Undersecretary of State Robert Murphy represented the United States at the session's closing.

Pineau said a final statement on the results of the three-power meeting was expected Thursday.

In Alexandria, President Gamal Abdel Nasser, whose decree nationalizing the canal angered and alarmed both Britain and France, declared Egypt would "repel the pirates" threatening his country "if they violate Egyptian rights in the canal dispute or on Egyptian soil."

Freedom
Nasser told a Boy Scout meeting that Egypt would defend the canal to assure freedom of navigation. He spoke shortly after reports were received from London saying Britain was determined to use force to prevent Egyptian interference with canal shipping.

Scattered Rain To Continue

Scattered showers and thunderstorms were expected in the northern and eastern portions of the state Thursday after rain showers dotted the state Wednesday, the Weather Bureau reported.

Some Lancaster areas received light rainfall Wednesday evening. They included Firth, Hickman, Princeton and Hallam.

A light shower in Lincoln Wednesday evening brought .03 of an inch of rain.

Beatrice had .56 of an inch in a 30-minute period and Pawnee City reported .25.

In the west, .62 inch fell at Valentine and .12 inch splashed Burlington.

North Platte, Imperial, Sidney, Omaha, Grand Island and Scottsbluff all had light thundershowers.

Heavy showers with winds up to 57 m.p.h. were reported about a mile east of Kearney Wednesday afternoon, but in town only light rain was reported.

The Weather Bureau termed activity in the west "our usual mid-afternoon summer condition of thundershowers."

Omaha was still mopping up after Tuesday night's torrential rains which flooded intersections and covered streets with a film of mud when water backed up from over-taxed storm sewers.

A water main broke in one West Omaha area, cutting off the water supply most of the night to a wide area.

Warmer temperatures were expected Thursday with highs of 85-95 over the state. Wednesday's highs were generally in the lower 70's and 80's.

I like Signs Bill

Retirement Age For Women Cut To 62

WASHINGTON (AP) — President Eisenhower Wednesday signed into law a precedent-setting Social Security bill permitting women to retire at 62 and disabled workers to draw benefits at 50.

In signing the bill, the President said in a statement:

"I am hopeful that this new law, on the whole, will advance the economic security of the American people."

The President said the law "contains certain major provisions which were recommended by the administration."

Some Objections Met

He added that it also includes provisions "about which the administration had serious reservations in their initial form," but those provisions "were modified and improved before their final enactment and now meet, in part, some of the administration's objections."

Elaborating, Eisenhower said an original proposal to lower the retirement age for all women was changed to provide that employed women and wives may accept reduced benefits at an earlier age or accept full benefits at 65.

"I am hopeful that this provision will have no adverse effect on employment opportunities for older women," Eisenhower said.

Full Benefits For Widows
He noted the law provides full benefits at age 62 for widows because of their special status.

The President also noted that Congress modified "somewhat" an original proposal to provide disability benefits at age 50 or older.

"A special trust fund was established for the disability program in an effort to minimize the effects of the special problems in this field on the other parts of the program—retirement and survivors protection," the President said.

"We will, of course, endeavor to administer the disability provisions efficiently and effectively, in cooperation with the states. I also pledge increasing emphasis on efforts to help rehabilitate the disabled so that they may return to useful employment."

Tax Hike Reduced
Another original provision, Eisenhower said, proposed a 25 per cent increase in Social Security taxes on everyone covered by the system.

"I am pleased that the tax increase now has been cut in half," the President said.

He added that the increase approved "should be adequate to finance the benefits, assuming effective administration."

The new tax after Jan. 1 will be 2.14 per cent each for the employer and employee on the first \$4,200 of annual earnings. It now is 2 per cent. Self-employed, now paying 3 per cent, will have their rate hiked to 3.38 per cent.

The new disability benefits, estimated to average about \$75 a month, are expected to go to about 340,000 persons in the first year.

The payments do not start until July, 1957.

Women electing to go on the Social Security retirement rolls between 62 and 65 will get their first checks in December this year. About 800,000 are expected to take advantage of the new privilege—200,000 widows, 300,000 working women, and 300,000 wives of retired husbands.

Coverage Widened
The measure also extends Social Security coverage to about 225,000 additional persons, mostly professionals. Medical doctors will be left as the only sizeable group in the nation not covered aside from government workers, most of whom have their own retirement systems.

Another provision increases federal grants to the states 146 million dollars a year in an effort to raise the federal-state payments to needy persons under the four public assistance programs.

This is expected to mean about \$3 or \$4 a month more for the needy aged, blind and disabled, and about \$2 a month additional for each child or caretaker under the aid to dependent children program.

Today's Chuckle

—Georgia Prisoners Talk From Stretchers—

Cons Describe Brutality Leading To Leg Smashing

REIDSVILLE, Ga. (U.P.) — Savage beatings, other brutality and indignity were described in stretchers interviews by convicts who smashed their legs with sledge hammers rather than serve in the Georgia Rock Quarry Prison for incorrigibles.

One declared, "Rather than go back, I rather they'd take me out and shoot me." He was Robert Smallwood, convicted in four counties on burglary, auto larceny and attempted murder charges.

Several said that despite the excruciating pain they would break their other leg rather than go back to the "hard rock" bastille near Buford, 40 miles northeast of Atlanta and about 200 north of here.

A group of 36 shattered their legs with their 10 to 14-pound hammers during an afternoon rest period at the quarry Monday. Five others followed suit Tuesday.

Interviewed
Brought here for treatment at

the state's central prison, they were interviewed by John Pennington of the Atlanta Journal in the presence of Warden R. P. Balkcom Jr.

Pennington reported that several told about an incident of prison savagery of which he had heard earlier from a nonprison source. One convict, he related, said, "Just about beater to death" last week by a quarry "boss" or guard named also as having beaten other prisoners with a stick.

James Hall, 22, in the Rock Quarry Prison two years, declared, "They beat me and shot me and everything else." W. H. McSwain, 22, there almost three years for auto larceny, said, "They done wore me out. I couldn't go no further."

over a creek flowing by the prison compound. The guards, they said, peppered away with rifle shots at the creek hitting near enough to splash water over them.

Decision Changed
The state director of corrections, Jack Forrester, first declared that no investigation into the leg-smashing spree would be necessary but he changed his mind and a full-dress inquiry is now in prospect.

It will be a public hearing by the prison committees of the State Senate and House beginning early at the Buford prison. It was called by the joint chairmen, Sen. D. B. Blalock of Newman and Rep. Robert L. Harrison of Jesup, at Forrester's request.

Only prisoners found unmanageable at other camps are sent to the Rock Quarry, Georgia's "Little Alcatraz." They are promised a transfer away from it after a year of good behavior but most of those

who broke their legs have been there much longer.

Bad Records
They are mostly hard young men in their 20's who already have spent several years in prison. Each has a bad record.

Of the first 36 who hammered their legs at the rock pile, five were found to require surgery before the fractures could be set. Dr. J. D. McArthur, medical director at the prison here, said 10 hit their legs with such force that both bones in one leg were pulverized.

Fifteen, the physician said, broke both bones of one leg. Most of the others had a fracture of some degree. Five had only ugly bruises and cuts.

Jail Merger Group Meets, Forms No Definite Plans

Jail Capacity, Economy Of Move Talked

By VIRGIL FALLOON
Star Staff Writer

No concrete plans were formed by the joint city-county committee exploring the possible merger of the county jail with the city jail following a meeting Wednesday with Sheriff Merle Karnopp and Police Chief Joe Carroll.

The four-member committee tentatively scheduled another meeting within two weeks when a three-year prisoner load study would be made available by the two law enforcement officials.

But the committee voted to refer the proposed merger of the city and county assessing offices to the newly-appointed City Charter Committee for study. This is to be one facet of the charter committee's work anyway, the group said.

More Study Necessary

Wednesday's discussion on the jail merger focused on several questions needing more study:

1. Whether the city jail's 30-prisoner capacity could handle peak days of city and county prisoner load even if it were adequate for the average daily load.
2. Whether the city would have enough cells for prisoner segregation with the additional county prisoners.
3. Whether the money saved in the jail merger would be a false economy because of additional expense in transporting prisoners and the efficiency and time loss for the courts, county attorney's office and law enforcement officials.

City Capacity Is 86

Chief Carroll said the city jail's capacity is 86 prisoners, all categories. Facilities include two bunks, with 40 bunks; nine cells for men, 32 bunks; three cells for women, eight bunks, women's bullpen, six bunks. One women's cell is presently used for a mimeograph room.

Sheriff Karnopp listed the county jail's capacity as 38 bunks, 30 in the two bunk pens, six in the women's cell, and two in the hospital ward.

Average daily county load was estimated as 25 to 30 prisoners. The city's load is 30 prisoners daily. Average time served in jail is eight days while the county's average is two months. No peak day figures were given.

Uniform Treatment

Karnopp said the county is required to feed three meals a day and furnish mattresses. The city feeds three meals except for non-working city prisoners, who get two meals.

This phase of the discussion was aimed at problems for the uniform treatment of prisoners if the jails were merged.

Carroll anticipated no increase in city jailors or the kitchen staff with the housing of county prisoners.

Merger Problems

However, Karnopp said he would want to keep his own bookwork on county prisoners, which would require two men at the city jail.

Abandonment of the county jail would also affect the operation of the sheriff's radio network. Karnopp pointed out that county jailors operate the 4:30 p.m. to 8:30 a.m. radio shift weekdays and round-the-clock on holidays and Sundays.

"While there might be a saving on the jail budgets," City Councilman Pat Ash said, "it might be a false economy in the handling of prisoners because of lost time and efficiency for the courts and county attorney's office in the transporting of prisoners between the city jail and courthouse."

Prisoner Load Trends

County Commissioner Del Liemann said prisoner load trends should be closely analyzed. "It looks like the present combined prisoner load may be approaching the city jail's capacity now."

The committee indicated that a report and recommendations on the proposed merger may be possible soon after the next meeting.

Scouts Give Martin Plaque

\$81,978 Damage Suit Appealed To Supreme Court

A transcript was filed with the State Supreme Court Friday in the appeal of William A. Ecker from a Keith County District Court decision in a case involving a car struck by a train after it became stalled on a railroad crossing near Paxton in 1952.

Ecker, as administrator of the estate of his wife, Margaret A. Ecker, asked \$81,978 damages from the Union Pacific Railroad in his wife's death.

Ecker contended the railroad's negligence allowed a hole to develop at the crossing. A car carrying the Eckers got stuck in the hole as a train bore down on it. The Eckers got out, the train hit the car and the car landed on Mrs. Ecker, fatally injuring her, the petition alleged.

District Judge J. J. Nisley dismissed the action last November, before it had reached the jury for decision on grounds of insufficient evidence and on grounds that Mrs. Ecker had been guilty of contributory negligence.

Insurance Firm Appeals Case To State High Court

A transcript was filed with the State Supreme Court Friday in a case growing out of the fire which destroyed the Spur Club, a night club near North Platte, in 1952.

The Iowa Mutual Insurance Co., De Witt, Ia., has appealed to the Supreme Court from a Lincoln County District Court decision requiring the insurance firm to pay off on a \$25,000 fire insurance policy issued on the property.

Co-owners Lloyd Pueppka and his wife, Cleo, and firms in the North Platte area who had money coming for constructing and furnishing the club, brought the suit against the insurance company to collect on the policy.

Resisting payment, the insurance company contended Pueppka had made misrepresentations in obtaining the policy, had over-insured the property with various companies and then caused the building to be burned.

The club was destroyed by fire Aug. 6, 1952.

The transcript shows that in 1953, Pueppka twice was tried on second degree arson charges in the case but a hung jury resulted both times. The charge subsequently was dismissed for "want of sufficient evidence."

Southern Democrats Map Unity

ATLANTA (AP)—Democratic leaders from 11 Southern states met Wednesday with the avowed purpose of getting a platform acceptable to the South, but "working within the Democratic party."

The keynote of the meeting, called by Gov. George B. Timmerman Jr. of South Carolina and Gov. Marvin Griffin of Georgia, was given by Timmerman before the group went into executive session.

"Our purpose," Timmerman said, "is to try to work together to secure a platform acceptable to the South and the rest of the nation, but working within the framework of the Democratic party."

"We recognize that other states have their problems and we ask them to recognize that we in the South have ours."

Earlier, Griffin, in a welcoming address, said "I cannot call to mind a similar meeting held during this century... any meeting... called to promote unity of purpose and to establish the Southern viewpoint in the councils of the Democratic party."

In his opinion, Griffin said, "we have never been faced before in our history with greater threats to the destruction of constitutional government and to the total abrogation of state sovereignty. The creed of democracy as espoused by Jefferson and Jackson is being superseded by an insidious brand of Washington democracy."

Police Act Quickly In Arresting Boy

Lincoln police Wednesday evening had their man even before they had received an official complaint.

Detectives had arrested a 14-year-old boy and were questioning him about a purse in his possession when Miss Irene Christianson of 635 So. 14th St., reported a missing purse.

Police officers said they were driving in an alley behind the bus station when they jumped out of their cruiser car to check the boy, who had no previous record, as he ran away from the station. After being apprehended, he said he took the purse.

Honduras Ends Rebel Uprising After Street Fight

TEGUCIGALPA, Honduras (AP)—The government announced it smashed a seven-hour revolt Wednesday at the cost of 30 dead and 60 wounded.

The government said the uprising was staged by 400 troops stationed at the San Francisco Army near the heart of this capital.

An earlier government announcement said the revolt was led by civilians including followers of defeated presidential candidate Dr. Roman Villeda Morales and Communists. Villeda Morales is now in exile in Costa Rica.

Immediately after the uprising got under way, the government called up the 1st infantry battalion which opened fire on the army with mortars, rifles and machine guns. The attack continued until 8 a.m. when the rebels ran up a white flag.

Man Hospitalized After Being Struck By Brick

Lewis W. Ross, 24, of 1840 No. 24th St. was hospitalized Wednesday afternoon after being knocked unconscious by a brick which fell on his head.

Ross received the injury while working on a construction crew at the University of Nebraska College of Agriculture campus.

He was reported in fair condition late Wednesday night.

Red Troops Take Posts In Burma

LASHIO, Burma (AP)—A Burma official said Wednesday Chinese Communists have posted troops 10 to 15 miles apart along a wide 500-mile arc inside Burmese territory.

Although invading Chinese were reported officially in Rangoon to have skirmished with Burmese forces and to have occupied 1,000 square miles of Burmese territory civil and military authorities here said the situation was under control.

By that the authorities appeared to mean there was no substantial change since Tuesday, when the Burmese Foreign Office expressed "concern" over the situation in northeast Burma.

The official in Lashio, terminus of the famed wartime Burma road, said the Chinese occupied an area stretching from Putao, the northernmost outpost of Kachin State, to the northeastern Shan states.

The people of Lashio were being kept in the dark about the issue. Officials operated in a hush-hush atmosphere, and residents of this prosperous trading town seemed unaware that the Chinese Reds were drawn up only 100 miles to the east inside Burma.

Strike Is Averted At 9 Alcoa Plants

PITTSBURGH (AP)—Tentative agreement was reached Wednesday night on a new contract to avert a strike by 15,000 workers employed in nine plants of the Aluminum Co. of America. The agreement was reached just a few minutes before a midnight strike deadline set by the Aluminum Workers International Union.

Commissioner William Rose of the Federal Mediation and Conciliation Service announced the tentative settlement.

Rose said contracts will be drawn up immediately with the contract language to be concluded Thursday, adding:

"Both parties have agreed to a nine-day extension of the contract to Aug. 9 to allow each local union to vote on the package."

Rose did not disclose any terms of the agreement.

Jail Merger Group Meets, Forms No Definite Plans

Jail Capacity, Economy Of Move Talked

By VIRGIL FALLOON
Star Staff Writer

No concrete plans were formed by the joint city-county committee exploring the possible merger of the county jail with the city jail following a meeting Wednesday with Sheriff Merle Karnopp and Police Chief Joe Carroll.

The four-member committee tentatively scheduled another meeting within two weeks when a three-year prisoner load study would be made available by the two law enforcement officials.

But the committee voted to refer the proposed merger of the city and county assessing offices to the newly-appointed City Charter Committee for study. This is to be one facet of the charter committee's work anyway, the group said.

More Study Necessary

Wednesday's discussion on the jail merger focused on several questions needing more study:

1. Whether the city jail's 86-prisoner capacity could handle peak days of city and county prisoner load even if it were adequate for the average daily load.
2. Whether the city would have enough cells for prisoner segregation with the additional county prisoners.
3. Whether the money saved in the jail merger would be a false economy because of additional expense in transporting prisoners and the efficiency and time loss for the courts, county attorney's office and law enforcement officials.

City Capacity Is 86

Chief Carroll said the city jail's capacity is 86 prisoners, all categories. Facilities include two bull pens, with 40 bunks; nine cells for men, 32 bunks; three cells for women, eight bunks, women's bull pen, six bunks. One women's cell is presently used for a mimeograph room.

Sheriff Karnopp listed the county jail's capacity as 38 bunks, 30 in the two bull pens, six in the women's cell, and two in the hospital ward.

Average daily county load was estimated as 25 to 30 prisoners. The city's load is 30 prisoners daily. Average time served in jail is eight days while the county's average is two months. No peak day figures were given.

Uniform Treatment

Karnopp said the county is required to feed three meals a day and furnish mattresses. The city feeds three meals except for non-working city prisoners, who get two meals.

This phase of the discussion was aimed at problems for the uniform treatment of prisoners if the jails were merged.

Carroll anticipated no increase in city jailors or the kitchen staff with the housing of county prisoners.

Merger Problems

However, Karnopp said he would want to keep his own bookwork on county prisoners, which would require two men at the city jail.

Abandonment of the county jail would also affect the operation of the sheriff's radio network. Karnopp pointed out that county jailors operate the 4:30 p.m. to 8:30 a.m. radio shift weekdays and round-the-clock on holidays and Sundays.

"While there might be a saving on the jail budgets," City Councilman Pat Ash said, "it might be a false economy in the handling of prisoners because of lost time and efficiency for the courts and county attorney's office in the transporting of prisoners between the city jail and courthouse."

Prisoner Load Trends

County Commissioner Del Liemann said prisoner load trends should be closely analyzed. "It looks like the present combined prisoner load may be approaching the city jail's capacity now."

The committee indicated that a report and recommendations on the proposed merger may be possible soon after the next meeting.

Scouts Give Martin Plaque

Four members of Scout Pack 22, Den 5, presented a carved wood plaque to Mayor Bennett Martin as a name plate for his desk. The scouts are (left to right) Thomas Siebels, son of Mr. and Mrs. Hero Siebels of 235 So. 30th, whose father made the

plaque; Stephen Halstead, son of Mr. and Mrs. William Halstead of 244 So. 30th; Gary Luedtke, son of Mr. and Mrs. Leonard Luedtke of 250 So. 30th; and Dan Fraley, son of Mr. and Mrs. Ledford Fraley of 241 So. 30th. (Star Staff Photo.)

\$81,978 Damage Suit Appealed To Supreme Court

A transcript was filed with the State Supreme Court Wednesday in the appeal of William A. Ecker from a Keith County District Court decision in a case involving a car struck by a train after it became stalled on a railroad crossing near Paxton in 1952.

Ecker, as administrator of the estate of his wife, Margaret A. Ecker, asked \$81,978 damages from the Union Pacific Railroad in his wife's death.

Ecker contended the railroad's negligence allowed a hole to develop at the crossing. A car carrying the Eckers got stuck in the hole as a train bore down on it. The Eckers got out, the train hit the car and the car landed on Mrs. Ecker, fatally injuring her, the petition alleged.

District Judge J. J. Nisley dismissed the action last November, before it had reached the jury for decision on grounds of insufficient evidence and on grounds that Mrs. Ecker had been guilty of contributory negligence.

Insurance Firm Appeals Case To State High Court

A transcript was filed with the State Supreme Court Friday in a case growing out of the fire which destroyed the Spur Club, a night club near North Platte, in 1952.

The Iowa Mutual Insurance Co., De Witt, Ia., has appealed to the Supreme Court from a Lincoln County District Court decision requiring the insurance firm to pay off on a \$25,000 fire insurance policy issued on the property.

Co-owners Lloyd Pueppka and his wife, Cleo, and firms in the North Platte area who had money coming for constructing and furnishing the club, brought the suit against the insurance company to collect on the policy.

Resisting payment, the insurance company contended Pueppka had made misrepresentations in obtaining the policy, had over-insured the property with various companies and then caused the building to be burned.

The transcript shows that in 1953, Pueppka twice was tried on second degree arson charges in the case but a hung jury resulted both times. The charge subsequently was dismissed for "want of sufficient evidence."

Southern Democrats Map Unity

ATLANTA (AP) — Democratic leaders from 11 Southern states met Wednesday with the avowed purpose of getting a platform acceptable to the South, but "working within the Democratic party."

The keynote of the meeting, called by Gov. George Bell Timmerman Jr. of South Carolina and Gov. Marvin Griffin of Georgia, was given by Timmerman before the group went into executive session.

"Our purpose," Timmerman said, "is to try to work together to secure a platform acceptable to the South and the rest of the nation, but working within the framework of the Democratic party."

"We recognize that other states have their problems and we ask them to recognize that we in the South have ours."

Earlier, Griffin, in a welcoming address, said "I cannot call to mind a similar meeting held during this century . . . any meeting . . . called to promote unity of purpose and to establish the Southern viewpoint in the councils of the Democratic party."

In his opinion, Griffin said, "we have never been faced before in our history with greater threats to the destruction of constitutional government and to the total abrogation of state sovereignty. The creed of democracy as espoused by Jefferson and Jackson is being superseded by an insidious brand of Washington democracy."

Police Act Quickly In Arresting Boy

Lincoln police Wednesday evening had their man even before they had received an official complaint.

Detectives had arrested a 14-year-old boy and were questioning him about a purse in his possession when Miss Irene Christianson of 635 So. 14th St., reported a missing purse.

Police officers said they were driving in an alley behind the bus station when they jumped out of their cruiser car to check the boy, who had no previous record, as he ran away from the station. After being apprehended, he said he took the purse.

Honduras Ends Rebel Uprising After Street Fight

TEGUCIGALPA, Honduras (AP) — The government announced it smashed a seven-hour revolt Wednesday at the cost of 30 dead and 60 wounded.

The government said the uprising was staged by 400 troops stationed at the San Francisco Army near the heart of this capital.

An earlier government announcement said the revolt was led by civilians including followers of defeated presidential candidate Dr. Roman Villeda Morales and Communists. Villeda Morales is now in exile in Costa Rica.

Immediately after the uprising got under way, the government called up the 1st infantry battalion which opened fire on the army with mortars, rifles and machine guns. The attack continued until 8 a.m. when the rebels ran up a white flag.

Man Hospitalized After Being Struck By Brick

Lewis W. Ross, 24, of 1840 No. 24th St. was hospitalized Wednesday afternoon after being knocked unconscious by a brick which fell on his head.

Ross received the injury while working on a construction crew at the University of Nebraska College of Agriculture campus. He was reported in fair condition late Wednesday night.

Red Troops Take Posts In Burma

LASHIO, Burma (AP) — A Burma official said Wednesday Chinese Communists have posted troops 10 to 15 miles apart along a wide 500-mile arc inside Burmese territory.

Although invading Chinese were reported officially in Rangoon to have skirmished with Burmese forces and to have occupied 1,000 square miles of Burmese territory civil and military authorities here said the situation was under control.

By the time the authorities appeared to mean there was no substantial change since Tuesday, when the Burmese Foreign Office expressed "concern" over the situation in northeast Burma.

Stassen To Open Ike-Herter Headquarters In Washington Today

WASHINGTON — Harold E. Stassen announced Wednesday night he is opening Eisenhower-Herter headquarters in Washington Thursday morning.

He said he would "persist" in working to get Gov. Christian Herter (R-Mass.) the vice presidential nomination on the Republican ticket with Eisenhower—even if no Republican leaders came to his side.

Asked if he thought he got the "green light" at the presidential press conference Wednesday to go

ahead with his plans, Stassen said, "Yes, I do."

President Eisenhower made it plain, Stassen said, that he is for "an open convention."

Every Ticket

Then, to the question of whether he would support Vice President Richard Nixon if he received the second spot place again, Stassen replied:

"Since I've been 21 years of age I've backed every Republican ticket."

The questions came in a televised interview (NBC-TV's Press Conference).

Thursday Stassen takes off from his government job as an aid to Eisenhower on disarmament matters to pursue his political activity as an individual, Stassen asked, and got a 30-day leave from the President.

and an Eisenhower-Herter drive," he said.

Stassen said he wanted to emphasize that he had never dealt in personalities in his bid for Herter.

What's Best

"This is a matter of principle to me on what's best to do for President Eisenhower's leadership," he said.

He did not answer directly the question whether Nixon "detracted" from the Republican ticket in 1952.

Instead, Stassen said 1956 was "different—the people have observed for four years." And he added that the people's view today "is based on everything that has happened" between 1952 and 1956.

Stassen repeated his assertion that an Eisenhower-Herter ticket would be 6 per cent stronger in November than an Eisenhower-Nixon ticket.

Egyptian Warship Is Under British Guard

PORTSMOUTH, Eng. (INS) — The British Admiralty threw guards around the Egyptian destroyer Al Quhar, which is berthed at Portsmouth preparatory to a scheduled voyage to Alexandria.

Acting under admiralty orders, Adm. Sir George Creasy, commander-in-chief of the Portsmouth Navy Yard, stationed guards near the warship. The crewmen of the Al Quhar showed no reaction to the sudden British move.

A second Egyptian destroyer also is in Britain awaiting orders to sail for home.

Neglect?

Didn't Stassen feel he was neglecting world peace for politics? A questioner asked Wednesday night.

"I believe I can best serve world peace by what I'll be doing this month," was Stassen's answer. Stassen objected to the words that he headed a "dump Nixon" campaign.

"It's an elect Eisenhower drive

Bids Total \$234,029 On City Projects

Bids have been received at the City Hall for construction of nine improvement projects with a combined low bid cost of \$234,029.40.

Dobson Bros Construction Co. bid low at \$27,863 on road work, earthwork and fencing at the city's Ashland water well field site. The work will be in the field west of the Platte River and south of Highway 6.

Other projects and the low bidders:

Water district in Park Manor, Chambers, \$12,783.

CAP Cadets Report To Air Base

Capt. Virginia Green, flight commander of the Civil Air Patrol summer encampment at the Lincoln Air Force Base, is signing up (left to right) Jackie Beard, Donna Radmore, Bill McKee and Jack Bruns, all of Lincoln, for the 12-day encampment.

85 CAP CADETS TO BEGIN ANNUAL ENCAMPMENT TODAY

Eighty-five Civil Air Patrol Cadets will start off the first summer encampment of the year Thursday at the Lincoln Air Force Base.

The 12-day session will include familiarization and firing of weapons, and briefings on SAC aircraft, the link trainer and radiological, chemical and biological warfare.

The 60 boys and 25 girls enrolled in the first encampment period are from the Nebraska CAP Wing, which has more than 300 members.

Thursday the cadets will be greeted by Brig. Gen. Claude E. Putnam, 818th Air Division Commander, and Lt. Col. Thomas H. Powell, LAFB Commander.

Five Portuguese cadets and their two escorts will arrive Thursday

Measles Top State Communicable Ill

Nebraska has recorded 2,473 cases of measles so far this year, making it far and away the most prevalent of the various communicable diseases in the state during 1956 to date, state health department statistics showed Wednesday.

Other case counts include chickenpox, 225; tuberculosis, 139; hepatitis, 86; whooping cough, 64; mumps, 30; streptococcal infections, 30; brucellosis, 19; diphtheria, 19; typhoid fever, 8.

Gonorrhea cases have totaled 410; syphilis, 233.

New cases last week, according to the Health Department's Division of Communicable Disease Control in cooperation with the U. S. Public Health Service, included hepatitis-1, chickenpox 2, measles 7, tetanus 1, gonorrhea 18, syphilis 6.

Two cases of rabies in animals were reported last week, one in a

rat in Otoe County, the other in a cat in Dodge County. Thirty-one such cases have been reported since the start of the year.

Record Broken

DENVER (INS) — A U. S. Air Force F-100 Super Sabre plane broke the Los Angeles to Denver record as it arrived to become a permanent historical display at the Air Force Academy.

The plane flown by Major Clyde E. Good took off from Los Angeles and arrived in Denver an hour and 26 minutes later.

New Commander

COLUMBUS, Neb. (U)—William F. Schwantje, World War I veteran, was installed as the new commander of Hartman American Legion Post No. 84.

LEGAL NOTICE OF MEASURE TO BE VOTED UPON NOVEMBER 6, 1956. BALLOT TITLE AND TEXT OF AN ACT PROPOSED BY INITIATIVE PETITION

PROPOSED BY INITIATIVE PETITION

An Act to provide a highway use tax, based on weight and distance, on all commercial trucks carrying loads of ten or more tons and on intercity buses weighing twenty-eight thousand or more pounds; to provide that revenue from said tax be distributed to the Department of Roads and Irrigation and to Counties and Municipalities of the State in the same proportion and for the same purposes as revenue from the gasoline tax is distributed; to provide for enforcement and administration of the Act; and to amend and repeal certain Statutes.

300 ☐ For

301 ☐ Against

TEXT OF PROPOSED INITIATIVE PETITION

"Be it Enacted by the People of the State of Nebraska,

"Sec. 1. Beginning January 1, 1957, in addition to the license fees provided in section 60-331, every commercial truck, truck-trailer, semitrailer and trailer licensed under the laws of the State of Nebraska to transport ten or more tons shall pay a highway use tax for each and every mile operated annually over the highways of this state in excess of a mileage equal to the quotient produced by dividing the license fee paid by the rate of tax per mile stated below applicable to such vehicle, the following amounts per mile:

Licensed Weight to Be Carried in Tons	Tax Per Truck Mile in Cents
10	1.9
11	2.2
12	2.5
13	2.8
14	3.0
15	3.3
16	3.4
17	4.2
18	4.4
19	4.7
20	4.9
21	5.1
22	5.4
23	5.6
24	5.9
25	6.1

For each additional ton or fraction thereof over twenty-five tons that may be authorized, the tax per truck mile is increased three-tenths of a cent.

Vehicles, as described in this section, carrying bulk cargo only or livestock and which operate substantially empty fifty per cent of the time shall pay a highway use tax at a rate equal to two-thirds of the tax per mile provided in this section on the total mileage of such vehicle in Nebraska annually in excess of a mileage equal to the quotient produced by dividing the Nebraska license fee paid on such vehicle by the rate of tax per mile applicable to such vehicle.

"Sec. 2. Beginning January 1, 1957, no vehicle not registered in the State of Nebraska which, if registered in this state, would be required to register under the provisions of section 60-331 to transport a load of ten tons or more shall be operated over the highways of this state outside the limits of any city or village without (1) the State of Nebraska for a resident vehicle and paying the fees as prescribed by the provisions of section 60-331 and the highway use tax as provided in section 1 of this act or (2) securing a permit from the Department of Agriculture and Inspection to transport property not to exceed the weight specified in the permit and paying a highway use tax for each and every mile traveled within the state in the amounts provided in section 1 of this act.

"Sec. 3. Beginning January 1, 1957, in addition to the license fees provided in section 60-329, every vehicle registered under the provisions of subdivisions (1), (2), and (3) of section 60-329, shall pay a highway use tax of two cents for each and every mile operated annually over the highways of this state in excess of a mileage equal to the quotient produced by dividing the Nebraska license fee paid by two cents.

"Sec. 4. Beginning January 1, 1957, no vehicle not registered in the State of Nebraska which, if registered in this state, would be required to be licensed under the provisions of subdivisions (1), (2), and (3) of section 60-329, shall be operated over the highways of this state outside the limits of any city or village without (1) registering the vehicle in the manner as prescribed by the laws of this state for a resident vehicle and paying the fees provided by the provisions of section 60-329 and the highway use tax as provided in section 3 of this act or (2) securing a permit from the Department of Agriculture and Inspection to operate such vehicle over the highways of this state and paying a highway use tax for each and every mile operated over the highways in this state in the amount of two cents per mile.

"Sec. 5. The owner or lessee of every motor vehicle subject to the highway use tax under the provisions of this act shall keep an accurate record of the miles traveled by each of such vehicles in Nebraska and shall report the mileage traveled by each vehicle in each calendar month on or before the fifteenth day of the following month to the Department of Agriculture and Inspection. The department is authorized to promulgate forms, rules and regulations for the keeping of records, the making of reports, and is authorized to require any additional information necessary for the use of the department in enforcing the provisions of this act. The department is authorized to make such inspection and audits of the taxpayers' records as may be necessary in its judgment to insure accurate mileage statements. The department is authorized and directed to use the Nebraska ports of entry so far as practicable for the issuance of permits and to enforce this act.

"Sec. 6. In each monthly statement the taxpayer shall state the amount of the tax, if any, due under the provisions of this act and shall remit the amount thereof with the statement to the department. Such statement and the amount of tax shall be subject to review and audit by the department and if any additional tax is found due, the same shall be paid after ten days written notice by United States mail to the taxpayer.

"Sec. 7. The department is further authorized to promulgate rules and regulations for the issuance of the permits authorized by this act and is authorized to require payment in advance of the tax which may become due under any permit or in lieu of payment to require reasonably adequate security therefor.

"Sec. 8. Failure to pay the tax prescribed by the provisions of this act when due on account of the operation of any vehicle for which a permit has been issued, shall cancel such permit and all rights to operate such vehicle thereunder shall terminate on the date of such default.

"Sec. 9. The owner or lessee of any vehicle operated without the permit referred to in this act and for which a permit is required shall pay an additional tax of ten dollars for each day such vehicle is operated without such permit, in addition to the highway use tax prescribed in this act.

"Sec. 10. The owner or lessee of any vehicle subject to the provisions of this act shall pay an additional tax of ten dollars for each day such owner or lessee is in default of payment of the tax prescribed by this act on each vehicle for the operation of which the highway use tax is due, and the owner or lessee of all vehicles subject to the provisions of this act shall pay an additional tax of ten dollars for each day such owner or lessee is in default of the reports required by the provisions of this act, in addition to the highway use tax due on such vehicles.

"Sec. 11. The owner or lessee of any vehicle subject to the tax prescribed by the provisions of this act shall give notice in writing to the Department of Agriculture and Inspection at the time of payment of the tax demanded by the department of any over assessment of such tax. Such notice shall specify and identify the vehicles on account of which such demand is made and as to each vehicle set forth the mileage and other details claimed by the owner or lessee to be correct and the amount of tax claimed to be due and the amount of overpayment as to each vehicle. The department shall determine such claim and refund any overpayment within sixty days. If the owner or lessee is dissatisfied with the decision, or if no decision is rendered by the department within sixty days, the owner or lessee may institute an action against the department within sixty days thereafter in the district court of Lancaster County, Nebraska, to recover his claim. In such action the plaintiff shall have the burden of proving the correctness of his claim. The disputed tax involved shall be held by the department until the action is finally determined.

"Sec. 12. Revenues collected under the provisions of this act by the Department of Agriculture and Inspection shall be remitted to the state treasury and placed by the State Treasurer in the Highway Use Tax Fund. The State Treasurer shall allocate and distribute the fund in the same manner and for the same purposes that the Gasoline Tax Fund is allocated and distributed.

"Sec. 13. The operator or driver of any vehicle, and the owner or lessee thereof, which vehicle is within and subject to the provisions of this act, who operates the same in this state with the intention of violating any of the provisions of this act, or who intentionally evades or attempts to evade the highway use tax applicable to such vehicle provided by this act, or who operates such vehicle in this state without the permit required by this act with the intention of violating this act, shall be guilty of a misdemeanor and shall, upon conviction thereof, be fined in a sum not less than one hundred dollars nor more than five hundred dollars.

"Sec. 14. That section 60-305, Revised Statutes of Nebraska, 1943, be amended to read as follows:

"60-305. The provisions of law relative to registration and the display of registration numbers shall not be construed to apply to any motor vehicle owned by a nonresident of this state, except vehicles moved over the highways of this state on their own wheels for the purpose of exchange, sale, or offering the same for sale to or by an agent, dealer, purchaser, or prospective purchaser, or for delivery after sale or for storage prior to sale, and except as otherwise provided in this act, if the owner thereof shall have complied with the provisions of the law of the state of which he is a resident, relative to the registration thereof and the display of registration number plates thereon, and shall conspicuously display his registration number plates as required by the laws of this state.

"Sec. 15. That section 60-305.01, Revised Statutes of Nebraska, 1943, be amended to read as follows:

"60-305.01. Except as otherwise provided in this act, a nonresident owner owning any foreign vehicle which has been duly registered for the current calendar year in the state, country, or other place of which the owner is a resident, and which at all times, when operated in this state, has displayed upon it the number plate or plates issued for such vehicle in the place of residence of such owner, may operate or permit the operation of such vehicle within the state without registering such vehicle or paying any fees to this state.

"Sec. 16. That section 60-305.02, Revised Statutes Supplement, 1955, be amended to read as follows:

"60-305.02. Trucks, truck-trailers, semitrailers, and trailers carrying loads of less than ten tons, or buses weighing less than twenty-eight thousand pounds, from states other than Nebraska, entering Nebraska shall be required to comply with all the laws and regulations of any nature imposed on Nebraska trucks, truck-trailers, semitrailers and trailers carrying loads of less than ten tons, or buses weighing less than twenty-eight thousand pounds, and to comply with all the requirements as to payment of all license fees, permit fees, and fees of whatever character which owners of trucks, truck-trailers, semitrailers and trailers carrying loads of less than ten tons, or buses weighing less than twenty-eight thousand pounds, owned and operated in Nebraska, are required to pay when operating in such foreign states, unless the state or states, in which such trucks, truck-trailers, semitrailers, trailers, or buses are domiciled, grant reciprocity comparable to that extended by the laws of Nebraska.

"Sec. 17. That section 60-305.03, Revised Statutes Supplement, 1955, be amended to read as follows:

"60-305.03. (1) In case a foreign state or territory is not reciprocal as to license fees on commercial trucks, truck-trailers, semitrailers and trailers carrying loads of less than ten tons, or buses weighing less than twenty-eight thousand pounds, the owners of such nonresident vehicles from those states or territories will be required to pay the same license fees as are charged residents of this state in such foreign state or territory. In case no fees are charged in Nebraska on such trucks, truck-trailers, semitrailers, trailers, or buses, other than license fees, and the reciprocity law of any other foreign state or territory does not act to exempt such Nebraska trucks, truck-trailers, semitrailers, trailers, or buses operating in that state from payment of all fees whatsoever, the owners of such foreign trucks, truck-trailers, semitrailers, trailers, or buses shall be required to pay a fee in an amount equal to the fee of whatever character, other than license fee, is charged by such other state to such foreign trucks, truck-trailers, semitrailers, trailers, or buses; Provided, that the owners of all such foreign trucks, truck-trailers, semitrailers, trailers, or buses, doing intrastate hauling in this state, shall be required to pay the same registration fees as those required to be paid by residents of this state. In no case shall the fee charged to an owner of such a foreign motor vehicle exceed the total fees required to be paid on like vehicles by residents of this state. The Department of Roads and Irrigation shall remit all such fees collected to the State Treasurer, who shall place such money in the Highway Cash Fund.

"(2) In order to effect the purposes of section 60-305.02 and subsection (1) of this section, the motor vehicle division of the Department of Roads and Irrigation shall have authority to enter into reciprocal agreements with the responsible officers of other states, provinces, or countries as to licenses and permit fees, under which such motor vehicles, trucks, truck-trailers, semitrailers, trailers, or buses properly licensed or registered in other states, provinces, or countries may be operated in interstate commerce in this state without a Nebraska registration or the payment of permit fees or taxes; Provided, that like provisions are accorded to such vehicles owned by Nebraska citizens who operated in such other state, province, or country. It shall be unlawful to operate such trucks, truck-trailers, semitrailers, trailers or buses owned by nonresidents who are not in compliance with the provisions of subsections (1) and (2) of this section and with section 60-305.02, or any agreement executed under the authority granted hereunder. It is the intention that the highway use tax provided by this act shall be imposed in accordance with its terms upon the operation in Nebraska of vehicles to which this act applies. No vehicles to which the act is otherwise applicable shall be exempt from such tax by reason of any reciprocal or other agreement.

"Sec. 18. That original sections 60-305 and 60-305.01, Revised Statutes of Nebraska, 1943, and sections 60-305.02 and 60-305.03, Revised Statutes Supplement, 1955, are repealed."

Respectfully submitted,

FRANK MARSH
Secretary of State

Stassen To Open Ike-Herter Headquarters In Washington Today

WASHINGTON (AP) — Harold E. Stassen announced Wednesday night he is opening Eisenhower-Herter headquarters in Washington Thursday morning.

He said he would "persist" in working to get Gov. Christian Herter (R-Mass) the vice presidential nomination on the Republican ticket with Eisenhower—even if no Republican leaders came to his side.

Asked if he thought he got the "green light" at the presidential press conference Wednesday to go ahead with his plans, Stassen said, "Yes, I do."

Egyptian Warship Is Under British Guard

PORTSMOUTH, Eng. (INS) — The British Admiralty threw guards around the Egyptian destroyer Al Quhar, which is berthed at Portsmouth preparatory to a scheduled voyage to Alexandria.

Acting under admiralty orders, Adm. Sir George Creasy, commander-in-chief of the Portsmouth Navy Yard, stationed guards near the warship. The crewmen of the Al Quhar showed no reaction to the sudden British move.

A second Egyptian destroyer also is in Britain awaiting orders to sail for home.

President Eisenhower made it plain, Stassen said, that he is for "an open convention."

Every Ticket
Then, to the question of whether he would support Vice President Richard Nixon if he received the second spot place again, Stassen replied:

"Since I've been 21 years of age I've backed every Republican ticket."

The questions came in a televised interview (NBC-TV's Press Conference).

Thursday Stassen takes off from his government job as an aid to Eisenhower on disarmament matters to pursue his political activity as an individual. Stassen asked, and got, a 30-day leave from the President.

Neglect?
Didn't Stassen feel he was neglecting world peace for politics? A questioner asked Wednesday night.

"I believe I can best serve world peace by what I'll be doing this month," was Stassen's answer.

Stassen objected to the words that he headed a "dump Nixon" campaign.

"It's an elect Eisenhower drive

and an Eisenhower-Herter drive," he said.

Stassen said he wanted to emphasize that he had never dealt in personalities in his bid for Herter.

What's Best
"This is a matter of principle to me on what's best to do for President Eisenhower's leadership," he said.

He did not answer directly the question whether Nixon "detracted" from the Republican ticket in 1952.

Instead, Stassen said 1956 was "different—the people have observed for four years." And he added that the people's view today "is based on everything that has happened" between 1952 and 1956.

Stassen repeated his assertion that an Eisenhower-Herter ticket would be 6 per cent stronger in November than an Eisenhower-Nixon ticket.

Hodgman-Splain Mortuary.—Adv.

Kiwanis Speaker — Dr. Harry Bard, a director of Instructional Services in Baltimore, who is visiting professor in education at the University of Nebraska summer session, will address the Kiwanis club Friday. He will discuss the juvenile delinquency problem in a large city, and what is being done about it.

Wadlow's Mortuary.—Adv.

Bankruptcy Filing — LaVern Robert Frank of 5139 Orchard, switch adjuster, filed a voluntary bankruptcy schedule in Federal Court listing liabilities of \$19,997.26. Of the \$19,506.26 in unsecured claims, principal items are: Federal National Mortgage Association, Los Angeles, Calif., \$9,000; Ormand Realty, Seattle, Wash., \$6,108.62; S. L. Savidge, Inc., Seattle, \$2,018. Listed assets total \$100.

Roberts Mortuary.—Adv.

Petition in Bankruptcy — In a voluntary bankruptcy schedule, Evelyn M. Shaw of 1936 Euclid, office manager, lists unsecured debts of \$1,911.34. They include: Dr. Frank Stone, \$444; Roy Talbot, \$400, and General Loan Co., \$400. Listed assets total \$100.

Midwest Roofing for all types of Roofs and Siding. 5-2510.—Adv.

Citizenship Class — U. S. Naturalization Examiner Charles Rain will present approximately 57 persons for United States citizenship Monday in the Federal Court. Judge John W. Delehant will administer the oath to those admitted to citizenship on final hearing. This naturalization class includes natives of Latvia, Denmark, Germany, Poland and Sweden.

Measles Top State Communicable Ill

Nebraska has recorded 2,473 cases of measles so far this year, making it far and away the most prevalent of the various communicable diseases in the state during 1956 to date, state health department statistics showed Wednesday.

Other case counts include chickenpox, 225; tuberculosis, 139; hepatitis, 86; whooping cough, 64; mumps, 30; streptococcal infections 30; brucellosis, 19; diphtheria, 19; typhoid fever, 8.

Gonorrhea cases have totaled 410; syphilis, 233.

New cases last week, according to the Health Department's Division of Communicable Disease Control in cooperation with the U. S. Public Health Service, included hepatitis-1, chickenpox 2, measles 3, mumps 1, polio 1, tuberculosis 7, tetanus 1, gonorrhea 18, syphilis 6.

Two cases of rabies in animals were reported last week, one in a

rat in Otoe County, the other in a cat in Dodge County. Thirty-one such cases have been reported since the start of the year.

Record Broken

DENVER (INS) — A U. S. Air Force YF-100 Super Sabre plane broke the Los Angeles to Denver record as it arrived to become a permanent historical display at the Air Force Academy.

The plane flown by Major Clyde E. Good took off from Los Angeles and arrived in Denver an hour and 26 minutes later.

New Commander

COLUMBUS, Neb. (AP)—William F. Schwantje, World War I veteran, was installed as the new commander of Hartman American Legion Post No. 84.

LEGAL NOTICE OF MEASURE TO BE VOTED UPON NOVEMBER 6, 1956. BALLOT TITLE AND TEXT OF AN ACT PROPOSED BY INITIATIVE PETITION

PROPOSED BY INITIATIVE PETITION

An Act to provide a highway use tax, based on weight and distance, on all commercial trucks carrying loads of ten or more tons and on intercity buses weighing twenty-eight thousand or more pounds; to provide that revenue from said tax be distributed to the Department of Roads and Irrigation and to Counties and Municipalities of the State in the same proportion and for the same purposes as revenue from the gasoline tax is distributed; to provide for enforcement and administration of the Act; and to amend and repeal certain Statutes.

300 ☐ For
301 ☐ Against

TEXT OF PROPOSED INITIATIVE PETITION

"Be it Enacted by the People of the State of Nebraska,

"Sec. 1. Beginning January 1, 1957, in addition to the license fees provided in section 60-331, every commercial truck, truck-tractor, semitrailer and trailer licensed under the laws of the State of Nebraska to transport ten or more tons shall pay a highway use tax for each and every mile operated annually over the highways of this state in excess of a mileage equal to the quotient produced by dividing the license fee paid by the rate of tax per mile stated below applicable to such vehicle, the following amounts per mile:

Licensed Weight to Be Carried in Tons	Tax Per Truck Mile in Cents
10	1.9
11	2.2
12	2.5
13	2.8
14	3.0
15	3.3
16	3.4
17	4.2
18	4.4
19	4.7
20	4.9
21	5.1
22	5.4
23	5.6
24	5.9
25	6.1

For each additional ton or fraction thereof over twenty-five tons that may be authorized, the tax per truck mile is increased three-tenths of a cent.

Vehicles, as described in this section, carrying bulk cargo only or livestock and which operate substantially empty fifty per cent of the time shall pay a highway use tax at a rate equal to two-thirds of the tax per mile provided in this section on the total mileage of such vehicle in Nebraska annually in excess of a mileage equal to the quotient produced by dividing the Nebraska license fee paid on such vehicle by the rate of tax per mile applicable to such vehicle.

"Sec. 2. Beginning January 1, 1957, no vehicle not registered in the State of Nebraska which, if registered in this state, would be required to register under the provisions of section 60-331 to transport a load of ten tons or more shall be operated over the highways of this state outside the limits of any city or village without (1) registering the vehicle in the manner as prescribed by the laws of the State of Nebraska for a resident vehicle and paying the fees as prescribed by the provisions of section 60-331 and the highway use tax as provided in section 1 of this act or (2) securing a permit from the Department of Agriculture and Inspection to transport property not to exceed the weight specified in the permit and paying a highway use tax for each and every mile traveled within the state in the amounts provided in section 1 of this act.

"Sec. 3. Beginning January 1, 1957, in addition to the license fees provided in section 60-329, every vehicle registered under the provisions of subdivisions (1), (2), and (3) of section 60-329, shall pay a highway use tax of two cents for each and every mile operated annually over the highways of this state in excess of a mileage equal to the quotient produced by dividing the Nebraska license fee paid by two cents.

"Sec. 4. Beginning January 1, 1957, no vehicle not registered in the State of Nebraska which, if registered in this state, would be required to be licensed under the provisions of subdivisions (1), (2), and (3) of section 60-329, shall be operated over the highways of this state outside the limits of any city or village without (1) registering the vehicle in the manner as prescribed by the laws of this state for a resident vehicle and paying the fees provided by the provisions of section 60-329 and the highway use tax as provided in section 3 of this act or (2) securing a permit from the Department of Agriculture and Inspection to operate such vehicle over the highways of this state and paying a highway use tax for each and every mile operated over the highways in this state in the amount of two cents per mile.

"Sec. 5. The owner or lessee of every motor vehicle subject to the highway use tax under the provisions of this act shall keep an accurate record of the miles traveled by each of such vehicles in Nebraska and shall report the mileage traveled by each vehicle in each calendar month on or before the fifteenth day of the following month to the Department of Agriculture and Inspection. The department is authorized to promulgate forms, rules and regulations for the keeping of records, the making of reports, and is authorized to require any additional information necessary for the use of the department in enforcing the provisions of this act. The department is authorized to make such inspection and audits of the taxpayers' records as may be necessary in its judgment to insure accurate mileage statements. The department is authorized and directed to use the Nebraska ports of entry so far as practicable for the issuance of permits and to enforce this act.

"Sec. 6. In each monthly statement the taxpayer shall state the amount of the tax, if any, due under the provisions of this act and shall remit the amount thereof with the statement to the department. Such statement and the amount of tax shall be subject to review and audit by the department and if any additional tax is found due, the same shall be paid after ten days written notice by United States mail to the taxpayer.

"Sec. 7. The department is further authorized to promulgate rules and regulations for the issuance of the permits authorized by this act and is authorized to require payment in advance of the tax which may become due under any permit or in lieu of payment to require reasonably adequate security therefor.

"Sec. 8. Failure to pay the tax prescribed by the provisions of this act when due on account of the operation of any vehicle for which a permit has been issued, shall cancel such permit and all rights to operate such vehicle thereunder shall terminate on the date of such default.

"Sec. 9. The owner or lessee of any vehicle operated without the permit referred to in this act and for which a permit is required shall pay an additional tax of ten dollars for each day such vehicle is operated without such permit, in addition to the highway use tax prescribed in this act.

"Sec. 10. The owner or lessee of any vehicle subject to the provisions of this act shall pay an additional tax of ten dollars for each day such owner or lessee is in default of payment of the tax prescribed by this act on each vehicle for the operation of which the highway use tax is due, and the owner or lessee of all vehicles subject to the provisions of this act shall pay an additional tax of ten dollars for each day such owner or lessee is in default of the reports required by the provisions of this act, in addition to the highway use tax due on such vehicles.

"Sec. 11. The owner or lessee of any vehicle subject to the tax prescribed by the provisions of this act shall give notice in writing to the Department of Agriculture and Inspection at the time of payment of the tax demanded by the department of any over assessment of such tax. Such notice shall specify and identify the vehicles on account of which such demand is made and as to each vehicle set forth the mileage and other details claimed by the owner or lessee to be correct and the amount of tax claimed to be due and the amount of overpayment as to each vehicle. The department shall determine such claim and refund any overpayment within sixty days. If the owner or lessee be dissatisfied with the decision, or if no decision is rendered by the department within sixty days, the owner or lessee may institute an action against the department within sixty days thereafter in the district court of Lancaster County, Nebraska, to recover his claim. In such action the plaintiff shall have the burden of proving the correctness of his claim. The disputed tax involved shall be held by the department until the action is finally determined.

"Sec. 12. Revenues collected under the provisions of this act by the Department of Agriculture and Inspection shall be remitted to the state treasury and placed by the State Treasurer in the Highway Use Tax Fund. The State Treasurer shall allocate and distribute the fund in the same manner and for the same purposes that the Gasoline Tax Fund is allocated and distributed.

"Sec. 13. The operator or driver of any vehicle, and the owner or lessee thereof, which vehicle is within and subject to the provisions of this act, who operates the same in this state with the intention of violating any of the provisions of this act, or who intentionally evades or attempts to evade the highway use tax applicable to such vehicle provided by this act, or who operates such vehicle in this state without the permit required by this act with the intention of violating this act, shall each be guilty of a misdemeanor and shall, upon conviction thereof, be fined in a sum not less than one hundred dollars nor more than five hundred dollars.

"Sec. 14. That section 60-305, Reissue Revised Statutes of Nebraska, 1943, be amended to read as follows:

"60-305. The provisions of law relative to registration and the display of registration numbers shall not be construed to apply to any motor vehicle owned by a nonresident of this state, except vehicles moved over the highways of this state on their own wheels for the purpose of exchange, sale, or offering the same for sale to or by an agent, dealer, purchaser, or prospective purchaser, or for delivery after sale or for storage prior to sale, and except as otherwise provided in this act, if the owner thereof shall have complied with the provisions of the law of the state of which he is a resident, relative to the registration thereof and the display of registration number plates thereon, and shall conspicuously display his registration number plates as required by the laws of this state.

"Sec. 15. That section 60-305.01, Reissue Revised Statutes of Nebraska, 1943, be amended to read as follows:

"60-305.01. Except as otherwise provided in this act, a nonresident owner owning any foreign vehicle which has been duly registered for the current calendar year in the state, country, or other place of which the owner is a resident, and which at all times, when operated in this state, has displayed upon it the number plate or plates issued for such vehicle in the place of residence of such owner, may operate or permit the operation of such vehicle within the state without registering such vehicle or paying any fees to this state.

"Sec. 16. That section 60-305.02, Revised Statutes Supplement, 1955, be amended to read as follows:

"60-305.02. Trucks, truck-tractors, semitrailers, and trailers carrying loads of less than ten tons, or buses weighing less than twenty-eight thousand pounds, from states other than Nebraska, entering Nebraska shall be required to comply with all the laws and regulations of any nature imposed on Nebraska trucks, truck-tractors, semitrailers and trailers carrying loads of less than ten tons, or buses weighing less than twenty-eight thousand pounds, and to comply with all the requirements as to payment of all license fees, permit fees, and fees of whatever character which owners of trucks, truck-tractors, semitrailers and trailers carrying loads of less than ten tons, or buses weighing less than twenty-eight thousand pounds, owned and operated in Nebraska, are required to pay when operating in such foreign states, unless the state or states, in which such trucks, truck-tractors, semitrailers, trailers, or buses are domiciled, grant reciprocity comparable to that extended by the laws of Nebraska.

"Sec. 17. That section 60-305.03, Revised Statutes Supplement, 1955, be amended to read as follows:

"60-305.03. (1) In case a foreign state or territory is not reciprocal as to license fees on commercial trucks, truck-tractors, semitrailers and trailers carrying loads of less than ten tons, or buses weighing less than twenty-eight thousand pounds, the owners of such nonresident vehicles from those states or territories will be required to pay the same license fees as are charged residents of this state in such foreign state or territory. In case no fees are charged in Nebraska on such trucks, truck-tractors, semitrailers, trailers, or buses, other than license fees, and the reciprocity law of any other foreign state or territory does not act to exempt such Nebraska trucks, truck-tractors, semitrailers, trailers, or buses operating in that state from payment of all fees whatsoever, the owners of such foreign trucks, truck-tractors, semitrailers, trailers, or buses shall be required to pay a fee in an amount equal to the fee of whatever character, other than license fee, is charged by such other state to such foreign trucks, truck-tractors, semitrailers, trailers, or buses; Provided, that the owners of all such foreign trucks, truck-tractors, semitrailers, trailers, or buses, doing intrastate hauling in this state, shall be required to pay the same registration fees as those required to be paid by residents of this state. In no case shall the fee charged to an owner of such a foreign motor vehicle exceed the total fees required to be paid on like vehicles by residents of this state. The Department of Roads and Irrigation shall remit all such fees collected to the State Treasurer, who shall place such money in the Highway Cash Fund.

"(2) In order to effect the purposes of section 60-305.02 and subsection (1) of this section, the motor vehicle division of the Department of Roads and Irrigation shall have authority to enter into reciprocal agreements with the responsible officers of other states, provinces, or countries as to licenses and permit fees, under which such motor vehicles, trucks, truck-tractors, semitrailers, trailers, or buses properly licensed or registered in other states, provinces, or countries may be operated in interstate commerce in this state without a Nebraska registration or the payment of permit fees or taxes; Provided, that like provisions are accorded to such vehicles owned by Nebraska citizens when operated in such other state, provinces, or countries. It shall be unlawful to operate such trucks, truck-tractors, semitrailers, trailers, or buses owned by nonresidents who are not in compliance with the provisions of subsections (1) and (2) of this section and with section 60-305.02, or any agreement executed under the authority granted hereunder. It is the intention that the highway use tax provided by this act shall be imposed in accordance with its terms upon the operation in Nebraska of vehicles to which this act applies. No vehicles to which the act is otherwise applicable shall be exempt from such tax by reason of any reciprocal or other agreement.

"Sec. 18. That original sections 60-305 and 60-305.01, Reissue Revised Statutes of Nebraska, 1943, and sections 60-305.02 and 60-305.03, Revised Statutes Supplement, 1955, are repealed."

Respectfully submitted,

FRANK MARSH
Secretary of State

One Of Seventeen

Doris Fleeson, whose column appears regularly on this page, was one of 17 outstanding women receiving awards at the 14th biennial convention of the American Federation of Soroptimist Clubs.

In announcing the awards, the president of the federation, Mrs. Pluma B. Batten, said they serve to recognize the increasing contribution women were making toward a better world society. In all instances the award represented "a sincerity of friendship, joy of achievement, dignity of service, integrity of profession and love of country."

Job Ahead Of Nebraska

In 1955 highway expenditures in Nebraska approximated 24 million dollars. Of that amount an approximate 2 million dollars went for county roads and a similar amount for new construction in urban areas. The remainder, or an approximate 20 million dollars, was spent on the state system.

In order to appreciate the magnitude of the plan for a new 41,000 mile road network approved by Congress last week, to be financed largely by federal funds, it is only necessary to take a look at the funds allotted to Nebraska for the first year of construction. Nebraska's share for the network for the first year is \$38,527,093—or more than 14 million dollars more than the revenue spent for all road purposes in the state last year. For the three-year period Nebraska is slated to receive an approximate 118 mil-

We think it can be said of Doris Fleeson's work in projecting developments in the national capital that it has been a notable contribution to national understanding. She has displayed not only a measure of integrity in searching out the truth that has reflected credit upon her and upon journalism itself, but a rare courage. In taking note of this award to Doris Fleeson, perhaps the best tribute that can be paid her is to report that those who follow her day after day know that she never is dull in her writing nor spineless in the views that she expresses.

lion dollars in federal funds—providing of course that the people of the state match the relatively small portion of the total funds. Uncle Sam puts up 90 per cent and it is up to the state to raise 10 per cent.

One of the pressing problems which will come before the next session of the Unicameral Legislature, meeting in the opening days of January next, will be this matter of raising Nebraska's share of money. Off hand it would appear we will need \$3,800,000 in order to take full advantage of the federal funds that have been allotted to us. Now is the time for Nebraskans to crystallize their thinking as to how they are going about it to raise the state's share of highway revenue.

We doubt that the same generosity that has characterized dollar-matching for highways previously will govern the new program.

Inconsistency

Perhaps one of the strangest inconsistencies of our time is the professed zeal of the Republican party for its President and its equal but more quiet resolve not to go his way.

A prime example is Congress' rejection of the President's budget request for foreign aid, an action in which Republican votes contributed the margin that slashed approximately \$1 billion from the appropriations bill. It was Republican

Of Men And Things

By J. E. LAWRENCE

The withdrawal of Sen. Estes Kefauver as a candidate for the Democratic nomination for President at the convention starting in mid-August in Chicago brought back vivid memories of the climax of the convention of 1952. I shall never forget the bleakness written indelibly upon the face of Estes Kefauver's father when the climax was reached in the balloting and the convention had nominated the party's candidate.

Throughout all of the convention, Sen. Kefauver's father and his wife, Nancy, had occupied seats in the amphitheater not far from the space allotted to the press section and only a short distance from the particular chair assigned to this writer. The first ballot had seen Sen. Kefauver take the lead and a tall Tennessee father, as tall and as erect as his distinguished son, eagerly followed every development. Stevenson's nomination came on the third ballot and when the break did take place in favor of the Illinois governor, it came with lightning swiftness. Back at the hotel the earlier cheering crowds—exhausted and no longer cheering—milled through the lobbies. And in those crowds, towering above most of those who constituted them, was a gaunt, unsmiling father who earlier had reason to anticipate that the whirl of the wheel might bring the nomination to his son, only to see it grow dimmer and then disappear. For a brief minute I had a chance to study the faces of two people devoted to a defeated candidate. What is written there and then, in my judgment, is not poor sportsmanship but only understandable disappointment. And it can be quite poignant. I thought of that father of Sen. Kefauver's, who had answered the last call, when the wires told of the Tennesseean's decision to plead for harmony at the convention and to advise the delegates pledged to him to support Adlai Stevenson. It was a graceful course upon which Sen. Kefauver embarked. He stood little chance of nomination by his party but he had sufficient strength to send the convention into a protracted and possibly bitter struggle.

Those Who Care

Four years ago a younger Tennesseean could fight to the end until overcome by ballots. That was more than Estes Kefauver could undertake now. He told a press conference he felt he could make "a great contribution to party unity and Democratic victory in the November election by withdrawing as a candidate. Victory in November," Kefauver added, "is more important than victory in August."

The question of a united, triumphant Democratic party in November is on the laps of the gods. There can be no question but that Sen. Kefauver in taking himself out of the convention struggle has made a contribution to his party and to its chances in the fall. He has a following in this country—a personal following, loyal and devoted. By offering that following an example of how deeply he regards the importance of the forthcoming November election, Sen. Kefauver provides a sorely needed tonic for the Democrats. Whatever may be differences within the party—and differences do exist—the effect of Sen. Kefauver's decision is to say to his following that nothing is quite so important as a Democratic victory.

It was being said Wednesday that what had promised to be a tense Democratic convention had been settled amicably. There was the remote possibility that San Francisco in the selection of a running mate for Ike might generate more fire than Chicago.

Block That Metaphor!

All of us have known that congressmen and senators have certain immunities from the law and ranking elected officers are blessed with special immunities, but none of us knew such privileges extend into the field of metaphorical English. What brought up this startling subject was Tennessee's Governor Frank Clement's comment on the Stassen-Nixon-Herter affair. Of it he observed: "The Republicans are only fishing. They are afraid to come out and dump Nixon, so Stassen makes an end run to see what the public reaction would be. . . . It looks like the Republicans are shooting par."

DREW PEARSON

Philadelphia Quakers Defend Basic Rights

WASHINGTON — Two significant events occurred in Philadelphia recently. Both concerned the basic freedoms, including the 5th Amendment, which the founding fathers hammered into the Constitution in the same city of Philadelphia almost two centuries ago.

One event was a letter written by some of the city's leading Quakers, descendants of those who founded Philadelphia, to the House Un-American Activities Committee telling its members in dignified but emphatic language to quit nosing into the right of the Quakers to hire any librarian they pleased, even if that librarian had once been a member of the Communist party.

Not many people address the much-feared House Un-American Activities Committee in that tone of voice these days.

The other event was the opening of "Storm Center," the most controversial picture Hollywood has turned out since McCarthyism became popular in some quarters.

By coincidence, "Storm Center" also involves a librarian who was kicked out because she once belonged to some Communist front organizations and because she championed the library's right to keep certain controversial books on its shelves.

The plot almost parallels the same issue for which the Plymouth Quaker meeting, just outside Philadelphia, was investigated by the Un-American Activities Committee. The chief difference being that the Quakers stood their ground and did not fire Librarian Mary Knowles, while in Hollywood's stirring story, Bette Davis, who plays the part of the librarian, is fired by a McCarthyesque city council in some drama-packed sequences which are as good box-office as they are good for the basic principles born in Philadelphia.

Inside fact is that "Storm Center" had a hard time seeing the light of a movie projector. It was conceived five years ago by two young writer-producers, Dan Tardash and Julian Blaustein, right at the height of Joe McCarthy's popularity. At that time no studio would touch it. But two years ago, Columbia

Pictures, which has more courage than some of the others, saw it was not only good drama but good for the nation. Mary Pickford was first picked to play the role of the discharged librarian, but backed out at the last minute.

Bette Davis, who took over the role, played it with great conviction. She believed what she acted. Every senator who supported Joe McCarthy during his heyday should take a good look at this picture. So should members of the Un-American Activities Committee, which poked its nose into the right of Quakers to hire their own librarian.

"We regard such inquiries as a serious transgression upon the complete division of church and state," wrote the nine Quaker elders to the committee, "which is one of the important foundations of democracy."

"Is the conscience of the church," they asked, "to be subject to the organized pressure of groups of people who differ with it?"

CAPITOL NEWS CAPSULES

Humphrey predicts — Secretary of the Treasury Humphrey gave a significant lecture to the National Security Council the other day on the coming struggle with Russia. He predicted there would be no shooting war with Russia—but the U.S. would have to fight for its life to meet Russian economic competition. Japan and Germany, he said, would vigorously compete against us in the world market. Humphrey told the security council the government should prepare for economic war by curbing inflation, cutting the national debt and carefully tightening the economy.

Chotiner's Techniques — Murray Chotiner, Nixon's campaign manager, has been hastily disavowed by the Republican national committee, but his methods live after him. Frank Pritchard, director of Gov. Langlie's fight against Senator Magnuson in Washington state, is organizing a campaign school copied after Chotiner's. Pritchard has even told GOP workers that he is copying Chotiner's tactics. Chotiner, who organized the mysterious anonymous phone calls for Nixon, charging his opponent was a Communist. (Copyright, 1956, By Bell Syndicate, Inc.)

BOB CONSIDINE

Second Political Spot Catches National Eye

NEW YORK (INS) — People . . . places . . . things . . .

There's now going to be more interest in the vice presidential race at Chicago and San Francisco than in the contest for the top spot. Looking back on American political history, this is almost like saying that the big interest in the American and National League pennant races this year is who finishes second in each loop.

Sen. Estes Kefauver's sudden capitulation to Adlai Stevenson ("I had my doubts about him but he has developed into a formidable campaigner who can define the issues clearly") is hailed in the Stevenson camp with almost the consternation that Harold Stassen's anti-Nixon campaign hit certain Republican quarters.

Kefauver has been saying for four years, that he has no interest in the vice presidency. Stassen has removed himself from political ambition "forever." Yet the feeling persists that neither move is a complete surprise, despite the furore each act caused. It just doesn't seem possible, in politics, at least, that men as personally

ambitious as Kefauver and Stassen, and with their followings, would engage in such apparent bridge-burning without hope of future gain.

How much did the steelworkers lose by striking? The precise truth may never be known. But in April the average weekly wage was \$100.04, with take-home pay of \$86.54 after deductions for taxes and social security. (Deductions for insurance were voluntary.) The 1952 strike lasted 54 days, for an average loss of \$692. During the most recent strike, management pointed out that the worker would need more than 11 years to recover his losses from an 8-week strike which resulted in a 3-cent hourly gain.

Nasser hasn't been the same since he gave a news conference to some newspaper junketers in 1955 and Harry Reutlinger of the Chicago American said to him, at the end of Nasser's remarks on land reform, "I guess you're going to whack up that land among your relatives, eh?"

ROBERT C. RUARK

Australia Relieves Its Youthful Crime Problem

Frank Packer of Sydney, Australia, who publishes newspapers, writes that Australian police have come up with an interesting deterrent to juvenile delinquency which seems to be working out well.

Like London, New York and many another city, Sydney has been heavily afflicted with young vandals. Well, Sydney law finally decided to quit sparing the rod. A new ordinance demands that parents first pay damages their cubs inflict.

And then comes the crusher. A father must, in the presence of a police officer, apply six of the best to sonny boy's stern—with a police whip, and to the satisfaction of the attending officer.

What makes it effective is that Daddy is apt to be awfully sore at Junior for costing him a couple hundred pounds in damages, and he falls to with a right good will. If he's nabby-pamby with the rod, he is in contempt of court.

Packer says that, as of the moment, there have been no chicken-hearted fathers, and that the howls of pain have been authentic. It is early yet to see the results, but he feels that as sore bottoms increase, vandalism will wane.

I have suggested to Packer a pet theory of mine, about which he is enthusiastic. That is to cease running pictures of victims of these delinquents, but to full-page the thugs, when apprehended, with head shaved as bare as an egg. The juvenile gangster of all nations pays great attention to uni-

MAN'S BEST FRIEND

A Rin Tin Tin Television Fan

By ALLEN EDEE
Star Staff Writer

Choto, a mighty muscular German shepherd, is never more tense than when watching his favorite television character, Rin Tin Tin.

As soon as the picture of the famous dog appears on the TV screen, Choto pricks up his ears and watches the stirring adventures of his breed. As for Choto—there is nothing he likes any better than a good snooze.

The big black and tan dog, owned by the James Grady's of 316 Prestwick Road and their two children, Keitha, 4, and Jamie, 2½, is beginning to grow out of his puppyish ways of pouncing upon his family with a lapping tongue. And the two children know better than to excite him with a yell that Choto would take to mean a playtime, for the shepherd can accidentally knock them down with one wag of his tail.

However contained his "hellos" are to his owners, there is no forced reserve in his failing to give the new parakeet, Skippy, even a nod of his head. In fact, Choto is downright cool toward the bird. Instead of showing a twinge of jealousy, Choto acts as if the bird did not exist and hopes the family will do the same.

Choto is short for "Chottomatte,"

KEITHA GRADY, JAMIE AND CHOTO . . . he chewed himself out of the house . . .

a Japanese word for "just a minute." The Grady's picked the word and shortened it for a name because they liked the sound of it. The German shepherd chews himself out of a comfortable life when his family is away. He starts on shoes and plastic toys and would finish off curtains, as he believes everything in sight is a toy made especially for him to play with

and chew on. Instead of trying to convince Choto through trial and error and a damage fund for chewed-up articles, a much simpler solution was used. Choto is simply never allowed in the home when the folks are absent.

Choto, an out-of-door-looking type of dog if ever there was one, seems to like it outdoors better, anyway, so everyone is happy.

Among The Tulips
A dachshund is a long, low-down dog with strong digging equipment and weak mental powers.

This is my own description based on recent observation of Gypsy, our female dachshund. I think it is a better description than the one of a husband, coined at the same time and as a result of the same circumstances, by my wife.

She says a husband has the same qualifications, except that he cannot dig.

The circumstances in question came into being when Gypsy saw a small rodent disappear into a hole in our back yard. I saw it, too. It was near the edge of the lawn a few feet from Mrs. F.'s flower garden. Gypsy gave chase and I cheered her on. This I did because I reasoned that Mrs. F. would not want rodents—no matter whether gophers or mice—lying in wait among her flowers.

In a remarkably short time Gypsy had tunneled underground until only the tip of her quivering tail was visible. Dirt spouted out from her cave's entrance like spray from a hose. She backed out once and looked at me, and I said enthusiastically, "Go, get it!" and she went down again to resume excavating. Something small and round and with what seemed to be a tail on it popped out with the geyser of dirt.

"Ha," I told myself, "she's dug right past the mouse and never knew it." I pounced on the thing. I was examining it when Mrs. F. came out of the house. She looked at me and the hole and the spraying dirt, and at her flower garden, and said, "What's going on here and what is that in your hand?"

"I thought it was a mouse," I explained, "but it turned out to be only a tail hole."

"You get that dog out of there," she ordered, "before my whole garden is unplanted from the roots up."

Doris Fleeason, whose column appears regularly on this page, was one of 17 outstanding women receiving awards at the 14th biennial convention of the American Federation of Soroptimist Clubs.

In announcing the awards, the president of the federation, Mrs. Pluma B. Batten, said they serve to recognize the increasing contribution women were making toward a better world society. In all instances the award represented "a sincerity of friendship, joy of achievement, dignity of service, integrity of profession and love of country."

Job Ahead Of Nebraska

In 1955 highway expenditures in Nebraska approximated 24 million dollars. Of that amount an approximate 2 million dollars went for county roads and a similar amount for new construction in urban areas. The remainder, or an approximate 20 million dollars, was spent on the state system.

In order to appreciate the magnitude of the plan for a new 41,000 mile road network approved by Congress last week, it is only necessary to take a look at the funds allotted to Nebraska for the first year of construction. Nebraska's share for the network for the first year is \$38,527,093—or more than 14 million dollars more than the revenue spent for all road purposes in the state last year. For the three-year period Nebraska is slated to receive an approximate 118 mil-

We think it can be said of Doris Fleeason's work in projecting developments in the national capital that it has been a notable contribution to national understanding. She has displayed not only a measure of integrity in searching out the truth that has reflected credit upon her and upon journalism itself, but a rare courage. In taking note of this award to Doris Fleeason, perhaps the best tribute that can be paid her is to report that those who follow her day after day know that she never is dull in her writing nor spineless in the views that she expresses.

lion dollars in federal funds—providing of course that the people of the state match the relatively small portion of the total funds. Uncle Sam puts up 90 per cent and it is up to the state to raise 10 per cent.

One of the pressing problems which will come before the next session of the Unicameral Legislature, meeting in the opening days of January next, will be this matter of raising Nebraska's share of money. Off hand it would appear we will need \$3,800,000 in order to take full advantage of the federal funds that have been allotted to us. Now is the time for Nebraskans to crystallize their thinking as to how they are going about it to raise the state's share of highway revenue.

We doubt that the same generosity that has characterized dollar-matching for highways previously will govern the new program.

Inconsistency

Perhaps one of the strangest inconsistencies of our time is the professed zeal of the Republican party for its President and its equal but more quiet resolve not to go his way.

A prime example is Congress' rejection of the President's budget request for foreign aid, an action in which Republican votes contributed the margin that slashed approximately \$1 billion from the appropriations bill. It was Republican

Of Men And Things

By J. E. LAWRENCE

The withdrawal of Sen. Estes Kefauver as a candidate for the Democratic nomination for President at the convention starting in mid-August in Chicago brought back vivid memories of the climax of the convention of 1952. I shall never forget the bleakness written indelibly upon the face of Estes Kefauver's father when the climax was reached in the balloting and the convention had nominated the party's candidate.

Throughout all of the convention, Sen. Kefauver's father and his wife, Nancy, had occupied seats in the amphitheater not far from the space allotted to the press section and only a short distance from the particular chair assigned to this writer. The first ballot had seen Sen.

Those Who Care

Kefauver take the lead and a tall Tennessee father, as tall and as erect as his distinguished son, eagerly followed every development. Stevenson's nomination came on the third ballot and when the break did take place in favor of the Illinois governor, it came with lightning swiftness. Back at the hotel the earlier cheering crowds—exhausted and no longer cheering—milled through the lobbies. And in those crowds, towering above most of those who constituted them, was a gaunt, unsmiling father who earlier had reason to anticipate that the whirl of the wheel might bring the nomination to his son, only to see it grow dimmer and then disappear. For a brief minute I had a chance to study the faces of two people devoted to a defeated candidate. What is written there and then, in my judgment, is not poor sportsmanship but only understandable disappointment. And it can be quite poignant. I thought of that father of Sen. Kefauver's, who had answered the last call, when the wires told of the Tennessee's decision to plead for harmony at the convention and to advise the delegates pledged to him to support Adlai Stevenson. It was a graceful course upon which Sen. Kefauver embarked. He stood little chance of nomination by his party but he had sufficient strength to send the convention into a protracted and possibly bitter struggle.

Four years ago a younger Tennessean could fight to the end until overcome by ballots. That was more than Estes Kefauver could undertake now. He told a press conference he felt he could make "a great contribution to party unity and Democratic victory in the November election by withdrawing as a candidate. Victory in November," Kefauver added, "is more important than victory in August."

The question of a united, triumphant Democratic party in November is on the laps of the gods. There can be no question but that Sen. Kefauver in taking himself out of the convention struggle has made a contribution to his party and to its chances in the fall. He has a following in this country—a personal following, loyal and devoted. By offering that following an example of how deeply he regards the importance of the forthcoming November election, Sen. Kefauver provides a sorely needed tonic for the Democrats. Whatever may be differences within the party—and differences do exist—the effect of Sen. Kefauver's decision is to say to his following that nothing is quite so important as a Democratic victory.

It was being said Wednesday that what had promised to be a tense Democratic convention had been settled amicably. There was the remote possibility that San Francisco in the selection of a running mate for Ike might generate more fire than Chicago.

Block That Metaphor!

All of us have known that congressmen and senators have certain immunities from the law and ranking elected officers are blessed with special immunities, but none of us knew such privileges extend into the field of metaphorical English. What brought up this startling subject was Tennessee's Governor Frank Clement's comment on the Stassen-Nixon-Herter affair. Of it he observed: "The Republicans are only fishing. They are afraid to come out and dump Nixon, so Stassen makes an end run to see what the public reaction would be . . . It looks like the Republicans are shooting par.

DREW PEARSON

Philadelphia Quakers Defend Basic Rights

WASHINGTON — Two significant events occurred in Philadelphia recently. Both concerned the basic freedoms, including the 5th Amendment, which the founding fathers hammered into the Constitution in the same city of Philadelphia almost two centuries ago.

One event was a letter written by some of the city's leading Quakers, descendants of those who founded Philadelphia, to the House Un-American Activities Committee telling its members in dignified but emphatic language to quit nosing into the right of the Quakers to hire any librarian they pleased, even if that librarian had once been a member of the Communist party.

Not many people address the much-feared House Un-American Activities Committee in that tone of voice these days.

The other event was the opening of "Storm Center," the most controversial picture Hollywood has turned out since McCarthyism became popular in some quarters.

By coincidence, "Storm Center" also involves a librarian who was kicked out because she once belonged to some Communist front organizations and because she championed the library's right to keep certain controversial books on its shelves.

The plot almost parallels the same issue for which the Plymouth Quaker meeting, just outside Philadelphia, was investigated by the Un-American Activities Committee. The chief difference being that the Quakers stood their ground and did not fire Librarian Mary Knowles, while in Hollywood's stirring story, Bette Davis, who plays the part of the librarian, is fired by a McCarthyesque city council in some drama-packed sequences which are as good box-office as they are good for the basic principles born in Philadelphia.

Inside fact is that "Storm Center" had a hard time seeing the light of a movie projector. It was conceived five years ago by two young writer-producers, Dan Tardash and Julian Blaustein, right at the height of Joe McCarthy's popularity. At that time no studio would touch it.

But two years ago, Columbia

Pictures, which has more courage than some of the others, saw it was not only good drama but good for the nation. Mary Pickford was first picked to play the role of the discharged librarian, but backed out at the last minute.

Bette Davis, who took over the role, played it with great conviction. She believed what she acted. Every senator who supported Joe McCarthy during his heyday should take a good look at this picture. So should members of the Un-American Activities Committee, which poked its nose into the right of Quakers to hire their own librarian.

"We regard such inquiries as a serious transgression upon the complete division of church and state," wrote the nine Quaker elders to the committee, "which is one of the important foundations of democracy."

"Is the conscience of the church," they asked, "to be subject to the organized pressure of groups of people who differ with it?"

CAPITOL NEWS CAPSULES

Humphrey predicts — Secretary of the Treasury Humphrey gave a significant lecture to the National Security Council the other day on the coming struggle with Russia. He predicted there would be no shooting war with Russia—but the U.S. would have to fight for its life to meet Russian economic competition. Japan and Germany, he said, will vigorously compete against us in the world market. Humphrey told the security council the government should prepare for economic war by curbing inflation, cutting the national debt and carefully tightening the economy.

Chotiner's Techniques — Murray Chotiner, Nixon's campaign manager, has been hastily disavowed by the Republican national committee, but his methods live after him. Frank Pritchard, director of Gov. Langlie's fight against Senator Magnuson in Washington state, is organizing a campaign school copied after Chotiner's. Pritchard has even told GOP workers that he is copying Chotiner's tactics (It was Chotiner who organized the mysterious anonymous phone calls for Nixon, charging his opponent was a Communist).

BOB CONSIDINE

Second Political Spot Catches National Eye

NEW YORK (INS) — People . . . places . . . things . . .

There's now going to be more interest in the vice presidential race at Chicago and San Francisco than in the contest for the top spot. Looking back on American political history, this is almost like saying that the big interest in the American and National League pennant races this year is who finishes second in each loop.

Sen. Estes Kefauver's sudden capitulation to Adlai Stevenson ("I had my doubts about him but he has developed into a formidable campaigner who can define the issues clearly") is hailed in the Stevenson camp with almost the consternation that Harold Stassen's anti-Nixon campaign hit certain Republican quarters.

Kefauver has been saying for four years that he has no interest in the vice presidency. Stassen has removed himself from political ambition "forever." Yet the feeling persists that neither move is a complete surprise, despite the furore each act caused. It just doesn't seem possible, in politics, at least, that men as personally

ambitious as Kefauver and Stassen, and with their followings, would engage in such apparent bridge-burning without hope of future gain.

How much did the steelworkers lose by striking? The precise truth may never be known. But in April the average weekly wage was \$100.04, with take-home pay of \$86.54 after deductions for taxes and social security. (Deductions for insurance were voluntary.) The 1952 strike lasted 54 days, for an average loss of \$692. During the most recent strike, management pointed out that the worker would need more than 11 years to recover his losses from an 8-week strike which resulted in a 3-cent hourly gain.

Nasser hasn't been the same since he gave a news conference to some newspaper junketeers in 1955 and Harry Reutlinger of the Chicago American said to him, at the end of Nasser's remarks on land reform, "I guess you're going to whack up that land among your relatives, eh?"

ROBERT C. RUARK

Australia Relieves Its Youthful Crime Problem

Frank Packer of Sydney, Australia, who publishes newspapers, writes that Australian police have come up with an interesting deterrent to juvenile delinquency which seems to be working out well.

Like London, New York and many another city, Sydney has been heavily afflicted with young vandals. Well, Sydney law finally decided to quit sparing the rod. A new ordinance demands that parents first pay damages their cubs inflict.

And then comes the crusher. A father must, in the presence of a police officer, apply six of the best to sonny boy's stern—with a police whip, and to the satisfaction of the attending officer.

What makes it effective is that Daddy is apt to be awfully sore at Junior for costing him a couple hundred pounds in damages, and he falls to with a right good will. If he's nabby-pamby with the rod, he is in contempt of court.

Packer says that, as of the moment, there have been no chicken-hearted fathers, and that the howls of pain have been authentic. It is early yet to see the results, but he feels that as sore bottoms increase, vandalism will wane.

I have suggested to Packer a pet theory of mine, about which he is enthusiastic. That is to cease running pictures of victims of these delinquents, but to full-page the thug, when apprehended, with head shaved as bare as an egg.

The juvenile gangster of all nations pays great attention to uni-

New Approach

Science is stirred but not convinced of the ultimate value of tranquilizer drugs in the abatement of certain forms of insanity and mental hypertension. Experiments with rauwolfia derivatives and kindred drugs have brought signal results in some instances, enabling institutionalized mental patients to return to normal life, greatly lessening the disturbances in others.

It was interesting that the American Psychiatric Association recently contended that subtle poisonous substances in the blood may be resulting in schizophrenia, the victim's mind being assailed by delusions of persecution or grandeur. Experiments with two volunteers from the Louisiana state prison were given shots of blood drawn from insane persons indicated the presence of a disturbing substance. The volunteers were briefly schizophrenic.

The relation, if any, between tranquilizing drugs and blood chemistry is not yet clear, but it does raise interesting scientific questions. Does insanity itself produce self-perpetuation through blood chemistry? Do tranquilizers offset the influence of the bad blood substance? Do tranquilizers end the production of it by quieting the mind? These are provocative questions which research will pursue to their true answers. Meantime, society will await the findings with strong hope.

Coincidence?

One doesn't know whether to describe it as a commentary or a coincidence that while a Connecticut family enters Nebraska in a covered wagon reminiscent of pioneer days, the Sioux Indians of Dakota and Nebraska have started a United Nations of their own, following the latest trend in this atomic age.

It looks to us like a double switch. Perhaps it is prophetic but we hope not. The creation of an inter-tribal council among the Indians is sensible, forward looking and full of promise for the improvement of the tribes. But we hope the covered wagon isn't a piece of preparedness for the ultimate in the Benson farm program—that it is not to be the conveyance of the future, the result of another four years of a farm program that performs successful operations at the expense of the life of the patient.

Home, Sweet (?) Home

Clay County skunks are not especially cautious where they choose to call home. One such kitty set up housekeeping in a combine near Clay Center, unbeknown to the operator, and in due process of the next morning's labors went out through the cylinder. And from all reports, really fouled up the works.

RECORD \$74,871 PREMIUM MONEY SET FOR '56 FAIR

A record total of \$74,871.00 in premium money will be offered at the 1956 Nebraska State Fair, it was announced Thursday by Fair Board Secretary Edwin Schultz. The previous high offering of \$66,662.00 was made in 1955. Biggest single cash offering to be made this year, \$14,254.00, is in the beef cattle class. Other classes with large premium totals include: swine, \$11,890.00; 4-H Club, \$11,000.00; dairy cattle, \$8,855.00; farm products, \$6,105.00; Future Farmers of America, \$5,000.00.

Two Sidney Men Head New Oil, Gas Ass'n. Committees

Two Sidney men were announced Wednesday as chairmen of two new committees of the Nebraska Oil and Gas Assn. Association Chairman W. F. Rogers, Scottsbluff, said R. E. McMillen will head the taxation committee and Simmons Cook the transportation committee. McMillen is division manager for the Ohio Oil Co. at Sidney. Cook is safety director of Rogers Truck Line, Sidney. The state association was formed in April this year and has offices in Lincoln.

Ralston Bus Service Continuing Indefinitely

RALSTON, Neb. (P) — The Ralston Bus Co., which had planned to discontinue operations Wednesday, will continue service indefinitely, A. F. Moron, president, said.

Shepard Transferred

ALLIANCE, Neb. (P) — Lloyd A. Shepard, new executive of the Sand Hills and Pine Ridge Boy Scouts Districts, will arrive here this week to assume his work. He has been executive of the Moron Trail and Laramie Peak districts of the Wyoming-Nebraska area council for five years with headquarters in Scottsbluff.

POSTCARD

There was a big sign on the gas station at Fort Sumner, New Mexico:

"The Last Resting Place."

"Billy the Kid"

"Fill it with regular."

"Who's resting?"

"Who?" said the gas station man.

"Billy the Kid. In his last resting place."

"Oh, that," said the gas station man.

"Well, now, the Kid is not buried exactly in the town of Fort Sumner. He is buried about three miles out thataway. Where the fort used to be."

Fort Sumner was quite an outpost during the Sixties and Seventies. Kit Carson rounded up all the Navajos and held them here to decide whether they would put them up in Indian territory. Or let them stay in the southwest and sell blankets to the tourists.

Naturally they had to feed the Indians. And Texans like Colonel Goodnight and John Chisum and Oliver Loving began trailing Texas longhorns up to the market.

Out of all this cattle business came the Lincoln county war. The most energetic gunner was William Bonney. Billy the Kid, a juvenile delinquent who has become a sort of American folk hero. Though he did not kill 21 men by the time he was 21. More likely eight. But he was bad enough.

After he killed Sheriff Brady, they jailed him at Lincoln. And I have read his complaining letters to Governor Lew Wallace. He had more complaints about being hanged than a housewife over a chuck roast.

Finally the Kid broke jail, shot two deputy sheriffs. And one night, Sheriff Pat Garrett killed him on the porch of Pete Maxwell's ranch house at the old Fort. He is buried in the cemetery.

There is a little board shack museum at the old cemetery. They sell children's bows and arrows, soft drinks and postcards of the grave.

The grave is out in back, in a weedy yard full of worn down stones, oil cans and junk. It is a big white stone surrounded by high cyclone wire fencing.

Even so the stone is badly chipped down.

The lady in the museum said she didn't know how the tourists get through the fence to chip at the stone. Chipping gravestones is a hard occupation. But tourists have chipped away three complete stones over Sam Bass. Three, including a full size statue, over Wild Bill Hickok.

This is the second stone over Billy the Kid.

The stone says: "Tom O'Fallard, died December, 1880. Charlie

Bowdre, died December, 1880. William Bonney, alias, Billy the Kid." "Big Foot Tom" O'Fallard and Charlie Bowdre were killed when the Kid was first captured by the Brady killing.

At the top of the tombstone, it says: "Pals."

The lady in the museum lives next door. She said this was the second stone over the grave.

"This other'n was just chipped away to nothing. Some of the people in the valley got together and put up this one. I don't know how they get through that mesh fence and chip at it."

"You notice the footstone is gone on Billy's side?"

"That footstone was bolted down to concrete. Two big iron bolts through it. The stone weighed 250 pounds."

"Well, one morning I woke up and went out to look at Billy. That stone was gone! And there wasn't a dent in the fence!"

"How they did that, O'll never know. Some tourist got that stone. But how, I'll never know. Any more'n I can figure out why they like to chip at it."

She said tourists were really chip mad. But then, she said, they get about 10,000 visitors a year. "About 2000 each month in the summer. Drops off in the winter. You'd think they'd let Billy rest in peace. But no. Even with that fence, I reckon we'll have to put up another stone in a few years."

(McNaughton Syndicate, Inc.)

Feeling Fit as a Fiddle? Dr. Walter C. Alvarez' column "Medicinal Roundup" appearing in The "Sunday Journal and Star" gives sound advice on how to keep healthy.

Chafed Skin

Smarting misery, amazingly relieved when medicated Resinol—rich in lanolin—is applied to chafed skin. Lubricates, medicates, helps to heal. Bathe tender skin with mild Resinol Soap.

Gov. Long's Power In Doubt After Louisiana Vote

NEW ORLEANS (U)—Louisiana Wednesday wondered how much political power remained in the hands of Gov. Earl Long, who tried but failed in an effort to defeat two congressmen.

The representatives smashed to easy victories in the Democratic primary.

Rep. T. A. Thompson won his

Polio Vaccine Age Limit May Be Dropped

Polio vaccine age limits in Nebraska may be dropped this fall following federal action Wednesday which did away with the allotment system.

The federal announcement had the effect of putting vaccine distribution on the open market, in the sense that manufacturers can sell it in normal channels of distribution. There would be no more earmarking of specific quantities for any state.

Iowa dropped its age restrictions this week.

Get Those Under 20

Alan Rouse, director of the polio division with the State Department of Health, said Wednesday that Nebraska's primary need is to get everyone under 20 to take their shots. The age limit was raised to 20 in the state June 15th, but Rouse said only about 30 per cent of those eligible have taken advantage of the opportunity to get their shots.

Rouse estimated there were 125,000 Nebraskans in the 15-19 age group eligible.

The polio director noted that August and September are the "bad months" for polio incidence and Nebraskans ought to provide themselves with the immunity which Salk vaccine gives.

Nebraskans Delaying

Several community doctors have noted, Rouse said, that it takes a case of polio in a county to arouse demand for the vaccine. He said he suspects that the human frailty of "putting it off" is keeping many eligibles from obtaining the shots.

There is plenty of vaccine in the state, Rouse said, and one need only contact his own doctor to receive it. There are no technical bars to Nebraska's extending eligibility to persons of all ages, Rouse said. He indicated this may be done soon.

Vaccine paid for by the federal government is reserved for those under 20 and expectant mothers, but commercial vaccine can go to anyone.

Nebraska early this year quit accepting government-paid vaccine except for a 10 per cent portion reserved by the state for free distribution to public charges and needy persons.

The government will continue its financial assistance program, according to Secretary of Welfare Folsom. He said vaccine manufacturers will continue to report to the Public Health Service on geographical distribution of their sales.

Scheele Hospitalized With Virus Infection

County Attorney Elmer Scheele, who has been confined at home with a virus infection the past three weeks, was admitted Wednesday to St. Elizabeth Hospital "for observation."

His office said Scheele's hospitalization was for tests and treatment of the prolonged illness. His condition is not serious, it reported.

third term by polling more than twice as many votes as his three opponents combined.

5-1 Margin

Rep. Otto Passman, nominated for an 11th term, had a 5-1 margin over his two opponents.

Long's winfield home said the governor would not be available for comment until Thursday. But radio station KALB, Alexandria, quoted the governor as saying, "The people have made their choice, and all I can do is to go along with them."

Long who swept to a first primary victory in January, had per-

Kearney Escapee Is Given Additional Year

A 16-year-old Perry, Okla., youth was sentenced to an additional year by the U. S. District Court in Lincoln under juvenile delinquency proceedings in connection with a July escape from the Kearney State Training School.

The youth was in federal custody at the school as a juvenile delinquent in an auto theft case. He was one of four Kearney escapees captured in an auto chase.

sonally stumped through south-west Louisiana to oppose Thompson's bid for renomination, which means election in this Democratic Deep South state. Long also backed Passman's opponents but did not campaign in the district.

Arkansas

LITTLE ROCK, Ark. (U)—Arkansas Gov. Orval Faubus easily outdistanced four other contenders for the Democratic gubernatorial nomination in the state primary on the basis of near-complete unofficial returns.

Faubus was still receiving congratulations Wednesday when he swung his attention to national politics and commented that Adlai Stevenson appeared headed for the Democratic presidential nomination on an early ballot.

The governor, whose victory is tantamount to a second term election in one-party Arkansas, would not commit the Arkansas delegation to Stevenson but is regarded as a Stevenson backer.

Jim Johnson, Jim Snoddy, S. K. Prosser and Ben F. Pippin trailed Faubus in that order.

Ike Names New 6th Fleet Chief

WASHINGTON (U.S.)—President Eisenhower named a new commander in chief of the U. S. Sixth Fleet Wednesday to take command in the troubled Mediterranean, where Egypt has seized the Suez Canal.

He is Vice Adm. Charles R. Brown, who has been deputy commander and chief of staff to the U. S. Atlantic Fleet.

Brown's previous post will be taken over by Rear Adm. Robert Goldthwaite, who is being raised to the rank of vice admiral.

Adm. Harry D. Felt, who has commanded the Sixth Fleet will become vice chief of naval operations.

Bulgarian Comments On America's Election

MOSCOW (U)—Premier Nikolai Bulganin said he would be "very surprised" if Adlai Stevenson were elected president.

He made the remark to a visiting American reporter at a party at the Swiss legation. The reporter remarked he was leaving next week "to watch the Democrats nominate Stevenson."

Bulganin's translator rendered the word nominate as "elect." Bulganin then said "I would be very surprised if he is elected."

Elimination Of Turtle Creek Reservoir Brings Joy

New Plan Announced

Lincoln Star Special
 ORD, Neb.—A group of jubilant farmers met at a country schoolhouse west of Ord to talk over new developments in the Twin Loups Reclamation District plans.
 The farmers are members of the Turtle Creek Protective Association, formed to oppose placing of a reservoir in their community which they claim would flood fertile land and take it out of production.
 The Bureau of Reclamation promised not to go ahead with their plans if the farmers opposed it. The bureau drew up a new plan eliminating the Turtle Creek reservoir. In place of the Turtle Creek reservoir, a reservoir will be built on Davis Creek south of Ord.
 There will be irrigation canals from these reservoirs bringing irrigation to 26,000 additional acres in Valley County and 20,000 acres to the south and east of this area.
 Another meeting has been called for Tuesday at National Hall west of Ord for farmers, Bureau of Reclamation officials and Twin Loup project representatives, to explain the new plan.

Nebraskans State Taxes Up 21 Pct. In Past 5 Years

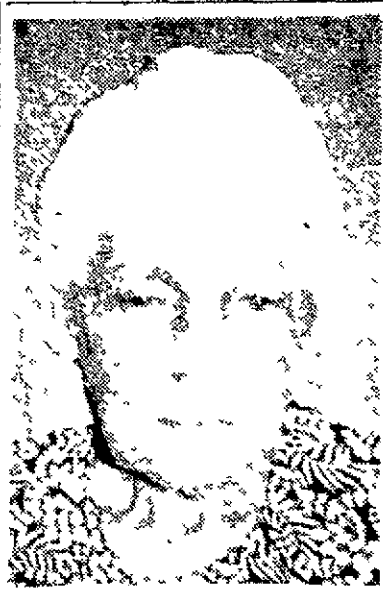

WASHINGTON (AP)—Per capita annual state taxes paid by Nebraskans increased 21 per cent, or about \$9, in the past five years, Rep. Robert Harrison (R-Neb.) said.
 Harrison said the increase, from \$41.52 to \$50.26, was one of the smallest in the nation. He noted that states taxes in all 48 states increased by 35 per cent between 1930 and 1935.
 On per capita basis, annual state taxes for the average American citizen amounted to \$53.63 in 1930 and \$72.25 in 1935.
 During the five year period, he said, Georgia's state taxes went up 74 per cent for the highest national figure, while South Carolina's rose 61 per cent for the lowest figure.

Ingalls Honored For Park Service

OMAHA (AP)—An Oman has received the first meritorious certificate to be signed by Nebraska Fred Seaton since he became Secretary of the Interior.
 George F. Ingalls, landscape architect for Region 2 of the National Park Service, received the certificate for his role in the NPS program helping various states develop their park and recreation area systems.

Fire Levels Barn On Farm At Hallam

HALLAM, Neb.—Damage has been estimated at \$8,000 in the blaze destroying a barn and nearby buildings at the Andrew Benes farm, east of here.
 Brooder houses near the barn were also burned. Fire departments from Hallam and Cortland fought the fire. Cause has not been determined.

MRS. LOUISA BULL

Woman Marks 100th Birthday

STEELE CITY, Neb.—Mrs. Louisa Emma Bull, a pioneer who experienced in a n y Midwestern hardships, celebrated her 100th birthday anniversary this week at the home of her daughter, Mrs. Etta Siefford of Steele City.
 Mrs. Bull was born in Marble Rock, Ia. and remembers the difficulties encountered when she crossed the Missouri River with her parents.
 Mrs. Bull moved to Waterville, Kan. after the death of her husband and lived there until 10 years ago when she moved to Steele City to live with her daughter.
 There are seven living children and the following three were present for the anniversary: G. H. Buell, Circle, Mont. J. A. Buell of Waterville, Kan., and Mrs. Etta Siefford of Steele City. Other children are Jesse Buell of Los Angeles, Calif., Mrs. Bertha Fuller of Brookland, Iowa, Rennie Buell of Salinas, Calif., and Jim Buell of Cozad, Neb. There are 23 grandchildren, 53 great grandchildren and 29 great, great grandchildren.

Elimination Of Turtle Creek Reservoir Brings Joy

New Plan Announced

Lincoln Star Special
ORD, Neb.—A group of jubilant farmers met at a country schoolhouse west of Ord to talk over new developments in the Twin Loups Reclamation District plans.

The farmers are members of the Turtle Creek Protective Association, formed to oppose placing of a reservoir in their community which they claim would flood fertile land and take it out of production.

The Bureau of Reclamation promised not to go ahead with their plans if the farmers opposed it. The bureau drew up a new plan eliminating the Turtle Creek reservoir, a reservoir will be built on Davis Creek, south of Ord.

There will be irrigation canals from these reservoirs bringing irrigation to 26,000 additional acres in Valley County and 30,000 acres to the south and east of this area.

Another meeting has been called for Tuesday at National Hall west of Ord for farmers, Bureau of Reclamation officials and Twin Loups project representatives, to explain the new plan.

Nebraskans State Taxes Up 21 Pct. In Past 5 Years

WASHINGTON (AP)—Per capita annual state taxes paid by Nebraskans increased 21 per cent, or about \$9, in the past five years, Rep. Robert Harrison (R-Neb.) said.

Harrison said the increase, from \$41.52 to \$50.26, was one of the smallest in the nation. He noted that states taxes in all 48 states increased by 35 per cent between 1950 and 1955.

On per capita basis, annual state taxes for the average American citizen amounted to \$53.63 in 1950 and \$72.25 in 1955.

During the five-year period, he said, Georgia's state taxes went up 74 per cent for the highest national figure, while South Carolina's rose 0.1 per cent for the lowest figure.

Ingalls Honored For Park Service

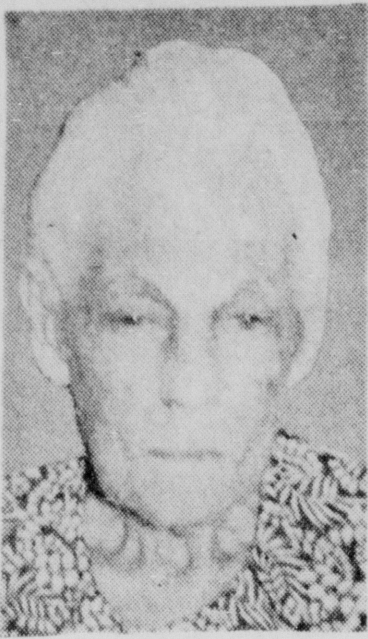

OMAHA (AP)—An Omahian has received the first meritorious certificate to be signed by Nebraskan Fred Seaton since he became Secretary of the Interior.

George F. Ingalls, landscape architect for Region 2 of the National Park Service, received the certificate for his role in the NPS program helping various states develop their park and recreation area systems.

Directives May End Some Opposition To Proposed Fort Randall Power Line

WASHINGTON (U) — Congress has directed that "equitable proportions" of power from two projected dams in South Dakota and Idaho be reserved for both "preference" and "non-preference" customers in those states.

A directive was written into the over-all bill authorizing these and many other water projects, which was passed by Congress last Friday and is now on President Eisenhower's desk.

The provision directs the Secretary of the Interior to determine and set aside a share of power from Big Bend Dam in South Dakota and the Bruce Eddy Dam in Idaho for the people of the two states.

If the President signs the bill, the provision concerning Big Bend power may serve to remove some opposition to a proposed 230-kilovolt line from Ft. Randall to Grand Island, Neb., assuming Congress is asked again next year to appropriate money for such a line.

For the last two years Congress has turned down requests for money to build the line. Nebraskans have attributed much of the opposition to South Dakota fears that

Nebraska News

such a line might help Nebraskans get a larger share of power at South Dakota's expense.

One member of Congress close to the situation voiced belief that the Big Bend provision "should serve to smooth the path somewhat" for the efforts to obtain the line.

Preference Customers
 By law, preference in the allocation of power from federal dams is given to public bodies, such as municipalities, public power districts and rural electric co-operatives.

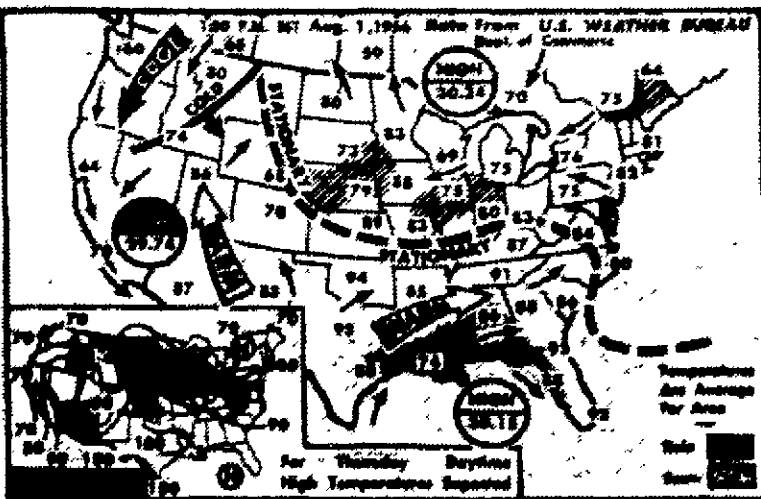

But the special provision in this year's big bill calls for allocation of "equitable proportions" of power from the two dams for all people in the two states, prefer-

ence and non-preference, before power is exported to preference customers in other nearby states.

Sen. Case (R-SD), who proposed the earmarking provision, supports the preference clause in general. But he maintained that South Dakota, which has given up thousands of acres of land for several dams and reservoirs, should be allocated federal power for the needs of all its people, not just for preference customers.

Other Dams
 Case said in an interview that he feels the Secretary of the Interior, in determining the "equitable proportion" for South Dakota from Big Bend, should take into consideration the proportions of power which have been allocated from the state's other Missouri River Dams — Ft. Randall, Oahe and Gavins Point — to other states.

The bill authorizes 200 million dollars for Big Bend Dam on the Missouri River and 25 million dollars for Bruce Eddy on Clear Water River. Congress will be asked next year to appropriate initial construction money for the projects.

Showers May Cover Great Plains
 Widespread band of shower and thunderstorms is expected to cover the Great Plains, parts of the western Lakes region and most of the Mississippi and Ohio

Directives May End Some Opposition To Proposed Fort Randall Power Line

WASHINGTON (AP) — Congress has directed that "equitable proportions" of power from two projected dams in South Dakota and Idaho be reserved for both "preference" and "non-preference" customers in those states.

A directive was written into the over-all bill authorizing these and many other water projects, which was passed by Congress last Friday and is now on President Eisenhower's desk.

The provision directs the Secretary of the Interior to determine and set aside a share of power from Big Bend Dam in South Dakota and the Bruce Eddy Dam in Idaho for the people of the two states.

If the President signs the bill, the provision concerning Big Bend power may serve to remove some opposition to a proposed 230-kilo-volt line from Ft. Randall to Grand Island, Neb., assuming Congress is asked again next year to appropriate money for such a line.

For the last two years Congress has turned down requests for money to build the line. Nebraskans have attributed much of the opposition to South Dakota fears that

Nebraska News

such a line might help Nebraskans get a larger share of power at South Dakota's expense.

One member of Congress close to the situation voiced belief that the Big Bend provision "should serve to smooth the path somewhat" for the efforts to obtain the line.

Preference Customers

By law, preference in the allocation of power from federal dams is given to public bodies, such as municipalities, public power districts and rural electric co-operatives.

But the special provision in this year's big bill calls for allocation of "equitable proportions" of power from the two dams for all people in the two states, prefer-

ence and non-preference, before power is exported to preference customers in other nearby states.

Sen. Case (R-SD), who proposed the earmarking provision, supports the preference clause in general. But he maintained that South Dakota, which has given up thousands of acres of land for several dams and reservoirs, should be allocated federal power for the needs of all its people, not just for preference customers.

Other Dams

Case said in an interview that he feels the Secretary of the Interior, in determining the "equitable proportion" for South Dakota from Big Bend, should take into consideration the proportions of power which have been allocated from the state's other Missouri River Dams — Ft. Randall, Oahe and Gavins Point — to other states.

The bill authorizes 200 million dollars for Big Bend Dam on the Missouri River and 25 million dollars for Bruce Eddy on Clear Water River. Congress will be asked next year to appropriate initial construction money for the projects.

Ann Jouvenat Is Bride

MRS. THOMAS CALVIN WEBSTER

Only the members of the immediate families attended the 11 o'clock ceremony at the Church of the Holy Trinity, Episcopal, where the marriage of Miss Ann Crider Jouvenat, daughter of Mr. and Mrs. Victor F. Jouvenat, to Thomas Calvin Webster, son of Mr. and Mrs. Calvin Webster of Tucson, Ariz., took place on Wednesday morning, Aug. 1. The Rev. William Cross solemnized the service before a background of lighted cathedral candles and pyramidal arrangements of pink gladioli and pink stock, which appointed the altar. Banks of greenery screened the sanctuary rail, and pale green satin ribbon caught with greenery, marked the processional aisle. Dorsey D. Baird, organist, played the wedding music.

Miss Sue Jouvenat, as her sister's maid of honor, appeared in a frock of shell pink cotton lace over matching taffeta. Above the bouffant, waltz-length skirt the slender bodice was fashioned with inserts of pink organza which extended into two back bows. She carried a bouquet of white feathered chrysanthemums and strands of variegated ivy. Becky Lawrence of Tucson, Ariz., niece of the bride, was the flower girl.

Wesley Stebbins of Gothenburg served Mr. Webster as best man, and seating the guests were Joel

M. Jouvenat of Camden, N. J., brother of the bride, and Fred Utter, Jr., Spokane, Wash.

Dusky pink imported Chantilly lace and tulle created the bridal gown. The brief-sleeved lace bodice was smoothly sculptured and was fashioned with a portrait neckline contoured with natural scallops. The lace was repeated to drift in a spray motif over the exceedingly wide skirt. A small crown of lace, dotted with pale pink pearls, held to the head her tiered veil of pink illusion, and she carried a bouquet of Amazon lilies, centered with white orchids and tufted with maline puffs and strands of ivy.

Mr. Webster and his bride, following a wedding luncheon at the home of the bride's parents, left for a honeymoon trip to Colorado after which they will go to Tucson, Ariz., to reside. For traveling Mrs. Webster wore a woven cotton sheath frock in shadow black with matching Empire jacket, and jabot of sheer white cotton.

The bride attended Monticello College for Women, Alton, Ill., and was graduated from the University of Nebraska where she is a member of Pi Beta Phi sorority, and Pi Lambda Theta. Mr. Webster attended the University of Arizona and is a member of Phi Delta Theta fraternity.

TOWN TALK

THURSDAY dawn brought its full quota of news which includes—a party or two—one for guests and one for a bride-elect—and this and that.

Among our travelers are Mrs. Burkett Van Kirk and her small daughter, Christy, who left Wednesday evening for Clarksburg, W. Va., where they will be the guests of Mrs. Van Kirk's parents, Mr. and Mrs. Charles Burke Morris. Mr. Van Kirk will join his family in Clarksburg at the end of August, and after a brief visit with Mr. and Mrs. Morris he and Mrs. Van Kirk will leave for a two weeks holiday in Bermuda, leaving the young Christy with her grandparents.

Before returning home the Van Kirk threesome will go to Washington, D. C. to spend some time with Mr. Van Kirk's parents, Mr. and Mrs. Rolla Van Kirk.

THEN WE heard that Mr. and Mrs. Gordon Luikart, Jr., and their two children, Cathy and Gus, left a day or so ago for Canada where they will spend two weeks at the summer home of Mr. Luikart's parents, Mr.

and Mrs. Gordon Luikart of Sioux City, Ia.

AND Friday, so we hear, is the day that Mrs. Richard Spangler, Mrs. Fred S. Sidles and her daughter, Miss Sharon Sidles, plus Susie Spangler, (the French poodle), will be off and away to La Jolla, Calif., where they plan to spend three weeks at the Spangler vacation home.

BUT vacationists do come home—and most recent to arrive are Miss Elizabeth Wright and Mrs. Ruth Whitney who have just returned from Europe. During their two months of travel abroad Miss Wright and Mrs. Whitney visited England, Belgium, Germany, Austria, Switzerland, Liechtenstein and Monaco.

WHEN we mentioned guests a while back we should have ad-

ded that some of them have come and gone—Mr. and Mrs. Donald Sarbach, their son Douglas, and daughter, Vicki, for instance—Mr. and Mrs. Sarbach and their family planned back to their home in Weston, Conn., after a week's visit in Lincoln. During their stay here they were the guests of Mrs. Sarbach's parents, Mr. and Mrs. L. C. Wimberly; Mr. Sarbach's mother, Mrs. Margaret Sarbach, and his uncle and aunt, Mr. and Mrs. Ed Cummings. The visitors also were the guests of Mrs. Sarbach's brother and sister-in-law, Mr. and Mrs. Ben Wimberly.

HEARD, too that Mr. and Mrs. John Lemly and their son, Tommy, arrived on Wednesday to spend two or three weeks as the house guests of Mrs. Lemly's brother-in-law and sister, Mr. and Mrs. O. C. Wood.

Madam Chairman

MORNING
LAFB Officers Wives Club, 98th air refueling squadron, 10 o'clock coffee at Cotner Terrace.

AFTERNOON
LAFB Officers Wives Club, 345th, 1 o'clock meeting at the home of Mrs. Wayne Wentworth, 843 Moraine Dr.

Come-As-You-Are Party For Guest

Time never seems to lag among members of the young set, but somehow a guest always is an added impetus for a variety of parties—So it was only natural that when Miss Dasa Volk of Denver came to spend three weeks as the house guest of Miss Sally Hoxie there was considerable excitement and planning of courtesies.

The first of the affairs for Miss Volk was the come-as-you-are

party on Wednesday morning when Miss Hoxie was hostess at a 9:30 o'clock party at her home—Any feminine 'teen-ager knows that 9:30 o'clock on a summer morning means pajamas and pin curls, but we're sure that some of the young guests stopped to brush their hair and powder the cute noses—

In the front row, left to right, are Mary Robinson, Sally Hoxie, Dasa Volk, Paula Kramer, and

Karen Nelson.

Second row, left to right: Nancy Nibler, Susie Christensen, Ann Sodoris, Lonie Dyksterhuis, Janet Underwood and Gail Gallo-way.

Back row, left to right: Bobbie Chadwell, Katy Carey, Barbara Eitel, Lyla Anderson, Louise Holbert, Alice Holm.

Attending the party, but not in the picture, are Margrethe Plum and Mary Jo Logan.

THE STAR IN SUBURBIA

Eleven 'teen-agers—a clear, tranquil evening, with "Mr. Man Moon's" bright and smiling face shining across the water—an added amount of fun and laughter—and you have the right combination to provide an exciting evening of swimming at Eastborough Pool.

Miss Sharon Hess and her sister, Fran, daughters of Mr. and Mrs. Cal Hess, were hostesses at such a party last Thursday evening when the guests, who enjoyed their dip in the neighborhood pool, included Miss Pam Ceean, Miss Marge Stober, Miss Kay Stober, Virgil Stewart, Mike Anderson, Dave Knight, Dale Greer, Miss Liz Hveem and Miss Becky McKinney. Mrs. Cal Hess chaperoned the group and escorted them to King's Drive-in for refreshments after swimming.

Learned from Mrs. Charles Rider that she has been entertaining guests this week—her parents, Mr. and Mrs. John W. Foley, and their granddaughter, Miss Linda Kay Foley, Kansas City, Kan., arrived last week end, to spend a few days in Lincoln. On Saturday evening the Riders entertained the honored guests and Mr. and Mrs. Dean Messman at a steak fry.

Also learned that Mrs. Rider had a get-acquainted cup of coffee with her new neighbor, Mrs. Marvin Morgan, Tuesday afternoon, at her home. Mr. and Mrs. Morgan and their two sons, Dan and Dave, moved to San Francisco from Lincoln last year, but have returned and now are residing at 266 West Rio Road.

Back in town, after spending a two-week vacation in Denver and Estes Park, Colo., are Mr. and Mrs. Bob Hartsock. En route home they visited Mr. and Mrs. Francis Lawler, Cheryl and Kim, Des Moines, Ia., and stopped in Fremont where their three children, Linda, Chris and Lori were the guests of their grandmother, Mrs. William Hartsock, during their parents' absence.

Mrs. Neil Munson's parents, Mr. and Mrs. Fred Harms, of Wendell, Idaho, left on Saturday after spending two weeks with the Munson family.

Birthdays are fun—especially when three neighbors can celebrate together—Mrs. James Haith was hostess, Saturday evening, at a co-op picnic to honor Mr. Haith, Joe Ritter, and Bob Hartsock, on their birthdays. The guest list included, in addition to the honored guests and their families, Maj. and Mrs. Martin Hveem, Mr. and Mrs. Lewis

Likes, Mr. and Mrs. Kenneth James, Mr. and Mrs. Robert Bridges, Mr. and Mrs. Weldon Burt, and their families.

Heard that Mrs. Jerry Whybark attended Frontier Days during her two-week visit at the home of her sister and brother-in-law, Mr. and Mrs. J. S. Mendicino, in Cheyenne, Wyo., before returning home last Sunday.

A guest of Mr. and Mrs. Leslie Allen for a few days last week was Mrs. Allen's father, Roy Funderburg, who returned to his home in Erich, Okla., on Wednesday morning.

Twenty-five days seems like a long vacation—but for Capt. and Mrs. Eugene Davilla, and their children, Eugene, Jimmy and Suzanne, each day of their lengthy trip was as thrill-packed as the next, and the time just seemed to fly. Before telling you of their interesting sight-seeing tours, we will mention the stops they made to spend a few days with relatives and friends—in Los Angeles, Calif., the Davillas

visited Mrs. Davilla's parents, Mr. and Mrs. L. H. Looper; and they were the guests of Mr. Davilla's father, L. M. Davilla; his brother-in-law and sister Mr. and Mrs. S. E. Shelley, in Dallas, Tex., and they also visited friends, Mr. and Mrs. Ozzie Vos, and their children Connie and David, in Pomona, Calif. The fishing trip to Big Bear Lake, San Bernardino, Calif., was the high spot for young Eugene and his father—and, so the tale goes they caught so many fish that they had to toss the "little ones" back. Before returning home on Monday, the Davillas stopped in Cheyenne, Wyo., Salt Lake City, Utah, Las Vegas, Nev., and Carlsbad, N. M.

Before we "close the books" on Eastborough this week, we will tell you of the guest Miss Kay Ulrich, daughter of Mr. and Mrs. Ulrich, entertained Sunday, when they enjoyed an afternoon of swimming at the neighborhood pool. The visitor was Miss Fane Bard, daughter of Prof. and Mrs. Harry Bard, Baltimore, Md.

Betrothal Announced

MISS ONA ANN MITTELBERG

Mr. and Mrs. Henry Mittelberg make announcement this morning of the engagement and approaching marriage of their

daughter, Ona Ann, to Richard Alm, son of Mrs. Elizabeth Alm. The wedding is planned for late August.

ESA Council Entertains

The city council members of Epsilon Sigma Alpha sorority for young business women entertained Monday evening at a dinner held at the Italian village.

Guests of the council were the 56 Lincoln members of the sorority representing the six chapters, Zeta Alpha, Alpha Lambda, Alpha Theta, Alpha Beta, Gamma Mu and Gamma Delta, in the city.

Pre-Nuptial Courtesies

Honoring an August bride-elect on Monday evening were Mrs. William Jones, Miss Virginia Klatt, Miss Nancy Coney and Miss Barbara Buis who were co-hostesses at the home of Mrs. Jones in courtesy to Miss June Schlesselman, whose marriage to Larry Tharnish will take place on Saturday, Aug. 11. A miscellaneous shower was presented to the honoree.

Last Friday evening, Miss Schlesselman was the honored guest at a shower given by Mrs. Carroll Mitchell, Miss Norma Sneider, Mrs. George Beideck and Mrs. Dorothy Finney who entertained 20 guests at the home of Mrs. Finney.

Ike Will 'Feel Well' When He Can Play Golf

'No Doubts' He'll Be Able To Carry On

WASHINGTON (AP) — President Eisenhower declared Wednesday he feels "good"—although not as well as a year ago before his heart attack. He also said he has "no doubts" he would be able to carry on in the presidency through a second term.

That was the way Eisenhower summed up his health at his first news conference since he underwent major abdominal surgery June 9. It was his first public discussion of the emergency operation, his convalescence, how he feels now after a second serious illness in less than nine months, and his previously announced decision to stay in the presidential race.

He disclosed for the first time that doctors have told him he won't feel like himself—like really playing golf—until October.

311 Newsmen Present

From the 311 reporters who jammed into the President's news conference room in sweltering heat there was as much interest in how Eisenhower looked and acted as in how he was feeling.

Opinions varied to some extent, but there seemed to be general agreement his loss of weight—presently down about six pounds to 163 pounds from the time of surgery—was apparent.

Eisenhower's assertion that he has "no doubts" he would be able to carry on for another four years came after William McGuffin of the Chicago Daily News told him.

"Perhaps you don't realize the impact it's had on the people of the country, you having ileitis and a major operation after your heart attack."

McGuffin said that when Eisenhower was convalescing at Gettysburg farm last month, he (the reporter) had talked to some of the President's friends and neighbors there.

McGuffin added "They all love you and they said they are going to vote for you but really wish you wouldn't run again because they feel you have done enough for the nation . . . and, sir, they're afraid you won't last out, they're afraid you won't live for another four years."

Eisenhower hesitated momentarily, then said solemnly:

"Well, sir, I would tell you, frankly, I don't think it is too important to the individual how his end comes, and he certainly can't dictate the time."

"What we are talking about here is the importance to the country, and it happens that at this moment the Republican party apparently thinks I am still important to them and to the country. And since I believe so much in the Republican party, and I believe that it needed rebuilding so badly, an effort which I have been making, as you well know, I said I would continue to try . . ."

William McGuffin is a former member of the Lincoln Star staff.

100 Families Attend County Employees' Picnic

Some 100 Lancaster County officials, employees and their families held their annual picnic Wednesday afternoon and evening at Capitol Beach.

The courthouse closed at noon for the event sponsored by the County Employees' Association.

Picnic highlights included horse shoe pitching, an impromptu softball game, contests for the kiddies and community singing.

Going to move? Then notify the Circulation Dept., so you won't miss your paper. Be sure to save both old and new address.

GOOD LUCK TO YOU, BOY

That's what Marine Commandant Gen. Pate (right) tells S.Sgt. Matthew McKeon just before testifying. (AP Wirephoto.)

Marine Chief Gives Punishment Ideas

For McKeon's Death Hike

PARRIS ISLAND, S.C. (AP)—The nation's Marine Corps commandant said Wednesday he thought S.Sgt. Matthew C. McKeon should have been demoted for drinking and possibly court-martialed for leading a march April 8 on which six recruits drowned.

Gen. Randolph McC. Pate said that if it had been up to him he probably would have transferred McKeon from this recruit depot for "stupidity" and forbidden him to drill recruits again.

But Pate testified at McKeon's court-martial that he did not consider the sergeant guilty of oppressing recruits—one of the charges against him.

McKeon is charged with manslaughter, oppression and drinking on duty in connection with a night march of Platoon 71 into Ribbon Creek.

Pate was called to the stand as a defense witness. He termed discipline the core of Marine training. But he said he never would sanction "sheer brutalities."

Just before he walked into court, Pate met McKeon, 31, for the first time and said to the drill instructor:

"Good luck to you, boy."

Emile Zola Berman, defense attorney, posed a long hypothetical question to Pate. In it, Berman asked him to assume that everything happened April 8 as the defense sees it. Then Berman said:

What action, sir, in your opinion, would you have taken?"

Pate replied:

"It is evident this drill instructor did drink some vodka and I assume that's against regulations. I think maybe I'd take a stripe away from him for that."

"For the remaining part—it's very fuzzy to me and I haven't heard the evidence—I suspect I would probably have transferred him away for stupidity, more positively bad judgment, and made a note in his record book that under no conditions could he ever drill recruits again."

Pate strode into the school building that serves as a courthouse and into the defense chambers as military police clicked heels smartly at his passage. He strode up to McKeon and told him:

"Sergeant, it's nice to see you. I'm glad to help you in any way I can see that the interests of justice are met. Where's your wife? I'd like to meet her."

McKeon stood as though transfixed. He muttered, "Glad to see you, sir," and managed a "Thank

President Wants 'Open' Convention

Nixon Acceptable

WASHINGTON (AP) — President Eisenhower Wednesday declared the Republican convention "open" to anybody who wants to run for vice president. But the only candidate he mentioned by name as acceptable to him was the man who holds the job now, Richard M. Nixon.

Eisenhower gave his carefully qualified views at the first news conference he has held since before his June 9 operation—and his first, of course, since aid Harold E. Stassen launched a drive to get Nixon off the 1956 ticket and put Massachusetts Gov. Christian A. Herter in his place.

The President looked a bit less vigorous than he did before the operation. His voice was somewhat husky and his speech just a little hesitant at times.

Two main lines of the President's feeling on this subject—which could produce a floor fight at the San Francisco convention—emerged.

1. He refused to say specifically that he wants Nixon—or any other particular person—as his running mate. He said San Francisco won't be a "cut and dried affair"—and that Nixon completely agrees. Far from rebuking Stassen, he declared the onetime Minnesota governor has done "a very splendid job" as his disarmament aid and will be welcome back after his four-week leave.

2. He took issue, by plain implication with Stassen's charges that Nixon would weaken the ticket with American voters and would detract from American prestige abroad. Moreover, he declared nobody has talked to him about a "dump-Nixon" movement. "No one," Eisenhower added with a touch of sternness, "would have that effrontery."

Postal Receipts Here Up From 1955

The Lincoln Post Office reported July postal receipts totaling \$206,053.10 — an increase of \$3,511.67 compared with a year ago.

This year's total receipts also continued a record-breaking climb, showing an increase of \$42,607.75 so far this year as compared with last year's comparative seven-month period.

The 1956 receipts through July totaled \$1,540,595.50 as compared with \$1,505,987.75 for the same period in 1955.

Money orders for July totaled \$235,513.48 up \$19,116.46 from the July, 1955, total.

Postal Savings were down. The July 31 balance of deposits was \$2,446,300 as compared with \$2,

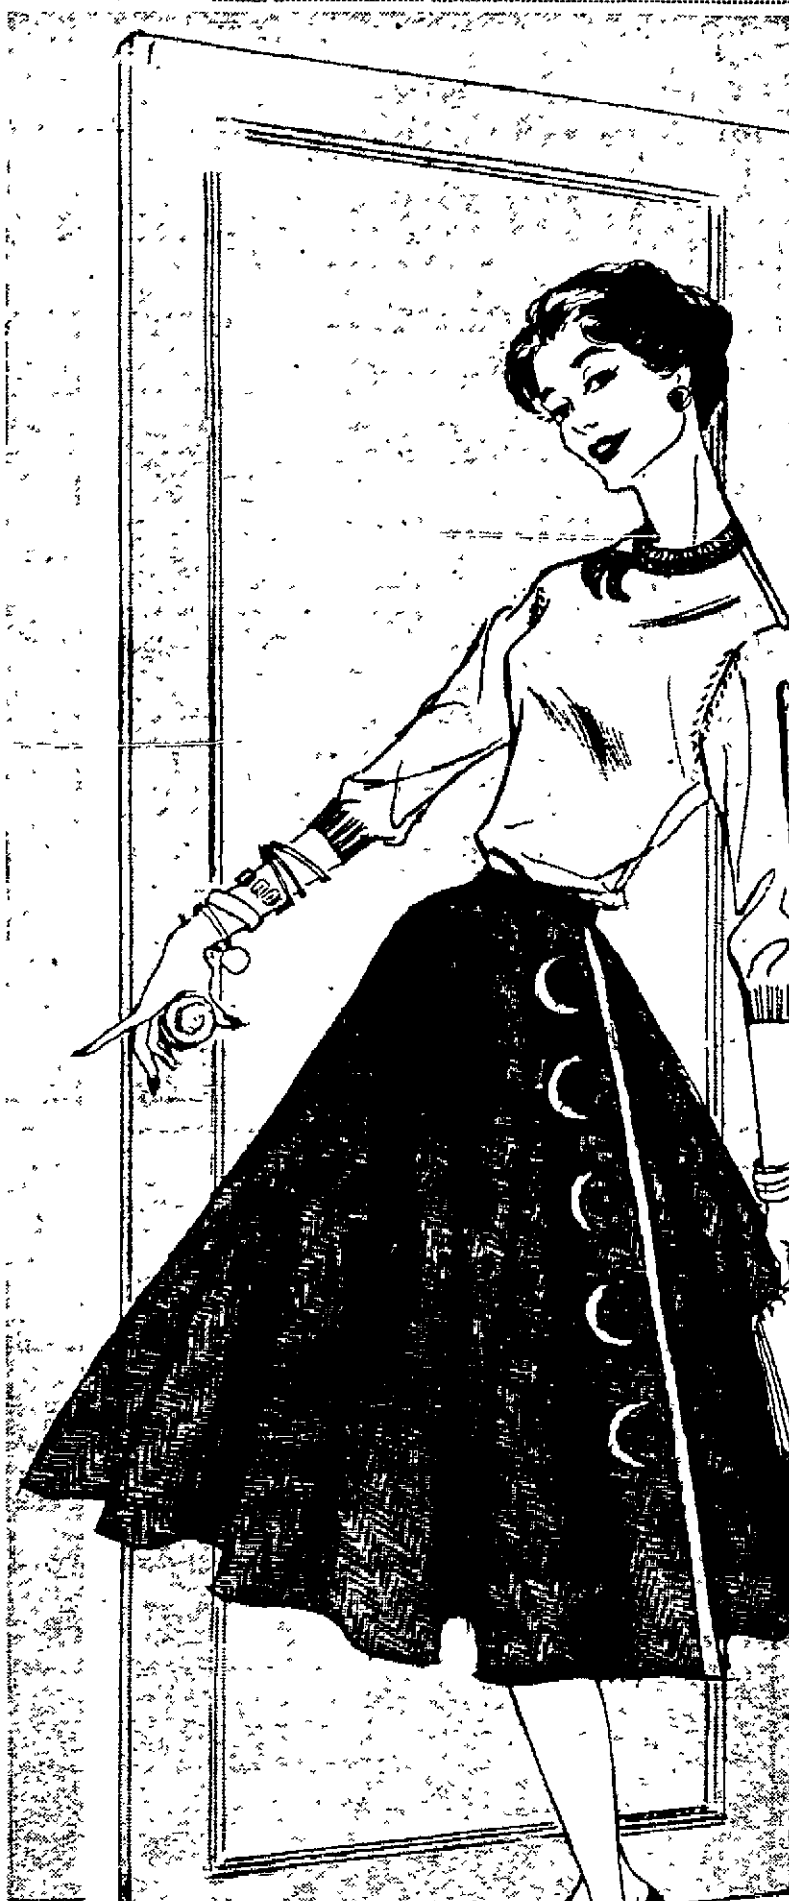

Lincolnite Gibson Named To State Veterans Position

WASHINGTON (AP) — Roger D. Gibson of Lincoln has been named by the Department of Labor as veterans employment representative for Nebraska. He has been Nebraska Department of Veterans Affairs chief of education and training. He replaces William Cotter, transferred to a labor department post in Washington.

Vets Meet

COLORADO SPRINGS, Colo. (INS)—Twenty-five Americans, all survivors of the World War II air raid on the Ploesti Oil Refinery, met in Colorado Springs with their honored guest, Princess Catherine Caradja of Rumania.

The Princess was credited with obtaining food, books, and radios on the black market to give to the airmen who were imprisoned after being shot down during the famous raid.

State Institutions Added 188 To Payroll In 1956

Payrolls of Nebraska Board of Control institutions jumped by 188 months of this year, board records employees during the first six disclosed Wednesday.

As of July 1, the 17 charitable, mental, reform and penal institutions supervised by the board counted 3,483 employees, compared with 3,295 on Jan. 1.

The number of inmates and patients increased by 31, to 8,811, during the same period, the semi-annual institution population report disclosed.

Sharpest increases in the number of employees were recorded at the Hastings State Hospital, up 27 to 678; the Norfolk State Hospital, up 50 to 587; Lincoln State Hospital, up 27 to 627; Nebraska Psychiatric Institute at Omaha, up 17 to 230, and Beatrice State Home, up 30 to 372.

Norfolk and Lincoln mental hospitals recorded a slight drop in the number of patients, but the

Mead Ordinance Plant Pushed As Site For Industry

The Nebraska Resources Division is attempting to interest private industry in the 17,000 acre Nebraska Ordinance Plant at Mead as industrial site.

A brochure pointing out the site's advantage is being mailed to leading business consultants and industrialists, according to C. V. Price, division chief.

State Institutions Added 188 To Payroll In 1956

Payrolls of Nebraska Board of Control institutions jumped by 188 months of this year, board records employees during the first six disclosed Wednesday.

As of July 1, the 17 charitable, mental, reform and penal institutions supervised by the board counted 3,483 employees, compared with 3,295 on Jan. 1.

The number of inmates and patients increased by 31, to 8,811, during the same period, the semi-annual institution population report disclosed.

Sharpest increases in the number of employees were recorded at the Hastings State Hospital, up 27 to 678; the Norfolk State Hospital, up 50 to 587; Lincoln State Hospital, up 27 to 627; Nebraska Psychiatric Institute at Omaha, up 17 to 230, and Beatrice State Home, up 30 to 372.

Norfolk and Lincoln mental hospitals recorded a slight drop in the number of patients, but the

Hastings hospital patient count increased.

The July 1 ratio for all institutions was one employee for each 2 1/2 inmates or patients.

The institutions owned 5,395 acres of land and leased another 3,862, compared with 5,332 acres owned and 4,853 leased six months earlier.

July 1 inmate and employee populations, with comparable Jan. 1 figures in parenthesis, included:

Beatrice State Home: 2,069 inmates, 372 employees (2,015 and 342).
 Geneva Girls' Training School: 99 inmates, 40 employees (103 and 39).
 Grand Island Soldiers' & Sailors' Home: 180 inmates, 92 employees (238 and 92).
 Hastings State Hospital: 1,700 patients, 678 employees (1,631 and 651).
 Kearney Boys' Training School: 220 inmates, 75 employees (214 and 75).
 Kearney Hospital for the Tuberculous: 142 patients, 153 employees (135 and 151).
 Lincoln State Hospital: 1,634 patients, 627 employees (1,646 and 600).
 Nebraska Orthopedic Hospital, Lincoln: 59 patients, 122 employees (49 and 119).

Harm Accepts Post With Alliance Chamber
 ALLIANCE, Neb. (AP) — Paul Harm, secretary-manager of the Broken Bow Chamber of Commerce, will take a similar post with the Alliance Chamber Friday. He succeeds Jerry Solomon who is taking a sales post with a mobile manufacturer at St. Paul, Minn., after two years with the Alliance Chamber.

Mead Ordnance Plant Pushed As Site For Industry

The Nebraska Resources Division is attempting to interest private industry in the 17,000 acre Nebraska Ordnance Plant at Mead as industrial site.

A brochure pointing out the site's advantage is being mailed to leading business consultants and industrialists, according to C. V. Price, division chief.

\$38 Million State Road Allotment

Interstate Highway
In '58 Federal Funds

The Nebraska allocation of funds under the new road bill, including the Interstate Highway System, was announced Wednesday as \$38,527,093.

This figure was released by Secretary of Commerce Sinclair Weeks in Washington, according to the Associated Press.

The money is part of \$2.5 billion made available to the 48 states for construction of the first sections of the new 41,000-mile road network.

L. N. Rens, state engineer, said Wednesday the money allotted must be under contract by June 30, 1958. He said this will take considerable time and planning as the state as yet has not allocated all of its 1957 funds which must be used by 1959.

The funds allocated to the state Wednesday are for 1958 and must be matched on a 50-50 and 90-10 basis by the state before they can be placed under contract for road work in the state.

Rens in a recent news conference said the state's annual road work program will amount from the present rate of around \$24 million a year to \$38 million. This will require additional forms of income to make available funds over and above those presently coming into the state for matching purposes.

The total construction program during the next three years, according to Rens, could amount to \$168,600,000 if the full amount of funds are made available for use in the state.

Meeting Set Monday On Tenth Viaduct

State Engineer L. N. Rens will meet with the Lincoln City Council at 10 a.m. Monday to discuss details of the proposed \$6 million improvement to No. 10th St.

The meeting will be held in the mayor's office and will be closed to the public. Rens and Mayor Bennett Martin jointly arranged the conference.

From the Monday meeting, Martin said, it is hoped the Council will be able to determine what it wants to do in the matter.

The program calls for the city to spend \$500,000 on approaches and connections to the No. 10th project. The \$6 million would provide a new viaduct over the railroad tracks, new bridges over Salt and Oak Creeks and interchanges with the proposed new interstate highway.

It will be up to the council, Martin said, to decide if it wants to shoot for the big improvement. It would mean, he said, the sacrifice of funds considered for use on other city streets.

Moscow Drivers' Horns Silent But Pedestrians Not

MOSCOW (U)—The battle between pedestrians and motorists in Moscow Wednesday looked like a silent but quick action movie.

This was the first day of the ban on horn blowing, and it was plain the greatest strain was on the motorists. The penalty for tooting is loss of the driver's license.

The motorists threaded their way cautiously through throngs of pedestrians who crossed at intersections with usual disregard of the red lights. In the past the driver slammed his foot on the gas pedal and his hand on the horn and pressed ahead.

Some pedestrians waited until the light turned against them, then ran into the path of oncoming traffic roaring with laughter as they dodged the oncoming cars.

NWU Sets Special 2-Week Courses

The final phase of the 1956 summer school program will begin Friday at Nebraska Wesleyan University when three special workshops, each lasting two weeks, will be launched.

Dr. Milton Evans, dean of the summer sessions, said workshops will be offered in health education, history of the United States since 1865 and the American party system.

Dr. Evans said classes for the extended session will be organized at 2 p.m. Friday, although most class sessions will be held in the morning. Classes will meet Monday through Saturday so that work leading to three hours of college credit may be terminated August 18.

No Nagging Backache Means a Good Night's Sleep

Nagging backache, headache, or muscular aches and pains may come on with over-exertion, emotional upset or day today stress and strain. And folks who eat and drink unwisely sometimes suffer mild bladder irritation... with that restless, uncomfortable feeling. If you are miserable and worn out because of these discomforts, Doan's Pills often help by their pain relieving action, by their soothing effect to ease bladder irritation, and by their mild diuretic action through the kidneys—tending to increase the output of the 16 miles of kidney tubes.

So if nagging backache makes you feel dragged-out, miserable, with restless sleepless nights, don't wait, try Doan's Pills, get the same happy relief millions have enjoyed for over 60 years. Ask for new, large, economy size and save money. Get Doan's Pills today!

Committee Recommends Drought Designation For 9 Counties

A recommendation that drought designations be given nine Nebraska counties was made Wednesday by the federal drought committee in Nebraska.

The request was followed by application of two additional counties for drought classification. These were Cuming County and part of Hall County.

The requests were passed along to Sec. of Agriculture Benson by Gov. Victor Anderson.

Burt Refused
Robert Webb, state Agricultural Stabilization and Conservation administrative officer, said the federal drought committee felt Burt

County conditions were not sufficiently widespread to warrant drought classification.

The nine counties recommended for emergency designation by the committee were Buffalo, Custer,

Kearney, Pawnee, Phelps, Thayer, Valley, Washington and Webster. The USDA refused designation Tuesday to Blaine and Richardson Counties.

The Hall County Board of Super-

visors asked in their request Wednesday that non-irrigated crop and pasture land be designated drought disaster area. The whole county was not included in the request. Most of the non-irrigated land is in the northwest section of the county.

A large portion of Hall County farm land is under irrigation from some 1,900 wells.

Members of the drought committee are Frank Reece, state ASC chairman; William Collett, state director of Farmers Home Administration, and Clyde Noyes, representative of the Extension Service.

National Emergency

SAGINAW, Mich. (U)—To cover football games at Millington High School, sports writers will have to climb an 18-foot ladder to the press box. The press box was raised that high so it can double as a Civil Defense Ground Observer corps lookout post.

Cool Off Burning Feet

No more burning—no more suffering with every step from stinging calluses. A quick rub with frosty-white, crosshatched, ice-ment in a soothing linoleum base, ice-ment brings instant cool comfort to tired burning feet—works to soften hard calluses. Ask your druggist for Ice-Mint today.

DAILY CRYPTOQUOTE
Here's How To Work It
One letter simply stands for another. In this example A is used for the three L's, X for the two O's, etc. Single letters, apostrophes, the length and formation of the words are all hints. Each day the code letters are different.
H M N E Z P H M K A W M U W X K A C A Z
H P H U H W H Z W M O A N W F K S Y T N E C W O.
Yesterday's Cryptquote: THE PRETTEL ETH UNPROFITABLE, AND THE FEVER OF THE WORLD-WORTH.

Here is a pleasant little game that will give you a message every day. It is a numerical puzzle designed to spell out your fortune. Count the letters in your first name. If the number of letters is 6 or more, subtract 4. If the number is less than 6, add three. The result is your key number. Start at the upper left-hand corner of the rectangle and check every one of your key numbers, left to right. Then read the message and the letters under the checked figures give you. (Distributed by King Features, Inc.)

BAERING DOWN ON THE NEWS By Arthur 'Bugs' Baer

Thomas Edison said the greatest boon to mankind was the blade of grass. Which has nothing to do with politics, but is sure to be mentioned before the convention is gavelled to the rostrum.

Neither your keynote nor your author of wall mottoes is under oath. When he starts his oratorical sun-fishing he lays it on thicker than tan bark at a horse show.

Keynoting is not a steady job. Once every four years he straddles the Rockies, plunks the meridians like banjo strings, lights his pipe on the Aurora Borealis and dominates the works like a lion tamer in a pet shop.

In Chicago he must remember he's shilling for the reform ticket. And in San Francisco that he is not.

When it comes to gold-leaving the future, he bows only to the head copy writer of a matrimonial agency. The convention opens with the National Anthem and the keynote. Every duck has two jokers in it.

Miley's Batting Highlights Chiefs' 2nd Game Victory

... Sky Sox Win Opener

COLORADO SPRINGS (AP) — The Lincoln Chiefs went on a hitting rampage Wednesday night to win the second game of a Western League doubleheader, 15-5, after Colorado Springs nipped the Chiefs in the opener, 3-2, behind Chico Arias' seven-hit pitching.

The opener was a make-up game to be counted toward the first half of the league's split season, and clinched fifth place for the Sky Sox.

Sam Miley was the batting hero for the Chiefs in the nightcap, driving in five runs with a homer and a double. His round-tripper came in the first inning with a mate aboard, and gave Lincoln a lead it never lost.

The Chiefs rocked Colorado Springs Starter Russ Heman for three runs in the second — both unearned on a pair of errors by Winkles — and three more in the third to swell their lead to 8-1.

Lincoln scored both its runs on home runs, one by Reggie Grenald in the first inning and the other by Dick Stuart in the fourth, his 58th of the year.

Lincoln batters to take the decision. Lincoln scored both its runs on home runs, one by Reggie Grenald in the first inning and the other by Dick Stuart in the fourth, his 58th of the year.

Combs Tries To Persuade Ellsworth

Leslie Combs II (left), who heads the syndicate which owns Nashua, talks with Rex Ellsworth, owner of Swaps, as they stroll toward the sales area at Keeneland Race Track. Combs is trying to persuade Ellsworth to sell him Swaps. (AP Wirephoto.)

Phils Rally, Smash Cubs

PHILADELPHIA (AP)—A home run with the bases loaded in the seventh inning by Willie Jones enabled the Philadelphia Phillies to come from behind and defeat the Chicago Cubs 10-8 at Connie Mack Stadium Wednesday night. Robin Roberts, pitching three innings of relief, earned his 12th victory of the season.

Trailing 6-4 in the last of the seventh, the Phillies rallied for five runs to salt the game away. Richie Ashburn led off with a single and Manager Stan Hack of the

McCook Gets Spot In State Tourney

SCOTTSBLUFF (AP)— McCook powered its way into the American Junior League state tournament Wednesday night, shellacking Lexington, 14-1, in the finals of the district meet here.

Rod Eisch led the McCook attack with two home runs.

BIG 10 HEADS TO SET UP 'JOB STANDARD'

CHICAGO (AP)—The Big Ten, ruffled by a national magazine's charges of purported loose conference athletic practices, will meet this weekend to consider a "standard" code for financing athletes through college.

Saturday's and Sunday's special session on athletic policy was scheduled long before a story, written for Thursday's issue of Look magazine, hung a "football scandal" label on Big Ten aid to athletes.

A conference spokesman, who declined to be identified, asserted Wednesday that the Look item, citing "full-ride" scholarships for football players and other alleged irregularities, proved no condemnation of the Big Ten.

The Look charges and possible Big Ten code revisions are expected to be discussed at the weekend conference.

The spokesman declared that for the past decade the Big Ten has made no bones about trying to help athletes through school with measured financial help, but only if they were academically worthy.

This help takes the form of tuition payment if an athlete maintains a C average or in excess of tuition for a better than C mark.

Jobs also help the aspiring Big Ten athlete, although this has become a touchy point because of the time available for such employment during a particular sports season.

Topeka Hawks Tip Pueblo In 10th

PUEBLO (AP)—The Topeka Hawks tied the score with two out in the ninth and tallied the deciding run in the 10th to nip the Pueblo Dodgers, 6-5, in a Western League thriller Wednesday night.

The Topeka victory scored the rain-abbreviated series at one game apiece.

Look related, for instance, that Minnesota has split up its work-for-pay program to suit off-season availability of athletes.

The conference spokesman said that a report by a special committee, which for seven months has been studying Big Ten athletic practices, could possibly call for a "sort of union scale" for athletes.

Such a plan would suggest that each of the 10 conference members would face the same requirements for awarding grants-in-aid or jobs. At present, interpretation of scholarship standards vary at the different schools. Jobs for athletes also have been at a school's discretion.

The "full-ride" scholarship, as mentioned in the Look story, now refers to unearned aid exceeding tuition for athletes who maintained better than C average.

All Big Ten funds to help athletes are theoretically channeled through regular campus agencies. This, the Big Ten regards as proper as long as the recipients are scholastically eligible.

Bill Reed, assistant Big Ten commissioner, said the weekend Chicago meeting of faculty representatives and athletic directors, would consider the report of the special committee on athletic practices, but that any decisive action would be delayed.

If a decision is made to revise the conference code, such legislation would come under the so-called White Resolution which requires 60-day study and approval or disapproval by each member.

Uncle Ev Gets Rid Of Benny's Bug

Uncle Ev (right) heads across the finish line in the first race at Jamaica Wednesday to win and make his rider, Benny Sorenson, a full-fledged jockey. At the left is Robert W., Dave Gordon, finishing second in the six-furlong claiming race Uncle Ev paid \$12.10, making Sorenson lose his last bug-weight allowance for apprentice riders. (AP Wirephoto).

Cards Tip Punchless Pirates

PITTSBURGH (AP)—Willard Schmidt gave up only six hits Wednesday night in pitching the St. Louis Cardinals to a 4-1 triumph over Pittsburgh's punchless Pirates who went down to their seventh consecutive defeat.

The Cards, helped with an error of omission and one of commission, sewed up the contest in the second inning with two runs. Starter Ronnie Kline allowed a leadoff single to Ken Boyer and seemed out of trouble as he got the next two batters. Then outfielder

Lee Walls misjudged Charley Peete's fly and it fell safely for a run-scoring triple. Third baseman Frank Thomas then booted a grounder by Hal Smith and Peete came home.

The Pirates' lone tally came in the second when the Pirates got three of their hits. A potential rally was cut down when Bob Clemente tried to go from first to third on a single and was caught off second base.

The victory gave Schmidt a 4-6 record. Kline now has a 9-11 mark.

Grand Island Blasts Platters

GRAND ISLAND (AP)—A 12 hit attack including two home runs, each with a man on base, produced an 11-2 win for Grand Island over North Platte in a Nebraska State League game Wednesday night.

Tom Jaskowski got a round tripper in the fourth when the left fielder ran into a light pole chasing his drive and Don Guthmiller hit another in the sixth.

Elks All-Stars, Optimists Slate Pre-Chiefs Tilt

The Lincoln Elks League All-Stars will meet the Lincoln Optimists in a baseball contest before the Lincoln Chiefs' regular Western League game with Colorado Springs on Aug. 12.

This was announced by Lloyd Jenkins, chairman of the Elks League baseball program, Wednesday night at a picnic supper for the 1956 players, coaches, umpires, sponsors and committeemen held at Antelope Park.

The fried chicken and watermelon feed was sponsored by Lincoln Lodge No. 80 of the Elks.</

3 Wymore Youths Boost Beatrice's Bid For Crown

BEATRICE — The Beatrice VFW Midgits, strengthened by three Wymore youngsters, are now weighing their chances on how they'll do come the international TEEN-ER tournament at Hershey, Pa.

At Huron, S.D., last week, the Beatrice team successfully defended its 6-state crown by defeating Williston, N.D., 8-3, behind the 3-hit pitching of Larry Brown, Wymore High sophomore.

Last year the Gage County team won the 6-state crown and went on to annex the international title at Hershey.

The 1955 club was sparked in the Hershey affair by the mound performances of Mike Hellman, now of the Lexington Junior Legion, co-coached by Roger Goodenough and Darold Gleason, has but three lads back from the championship team. They are Catcher Bob Lockwood, second baseman Dean Madison, and outfielder Rodney Blaker.

But the club is doing right well, despite the loss of Hellman and big Larry Fisher, catcher who has turned out to be one of the state's

BROWN . . . Sparks Beatrice.

top shot put artists. Right now the team is boasting a 13-2 record, both losses being together.

The first loss was to Wymore, 5-2; the other four nights later at Crete, 11-2. Compared to opponents' 77 runs, the Beatrice gang has pushed in a 143.

Last year the residents of Beatrice raised nearly \$3,000 for the trip back east, and VFW Commander H. E. Biting, is certain the amount needed this year will be made available through solicitation.

Eleven players of the 16 carried on the roster are hitting a .300 or better batting clip. The team has collected 37 extra base blows thus far, 23 being doubles. The only home runs have been by Catcher Lockwood and Dave Gleason, infielder.

Lockwood has the most extra base hits, nine two-baggers, three triples, and the home run blow. Bob Hohn, first sacker, is batting at a .488 clip, followed by Brown's .460, and then Lockwood's .420 average.

Detroit Victim Of Brewer's 15th Victory

DETROIT (AP)—Tom Brewer won his 15th game as Ted Williams and Jackie Jensen hit home runs to account for all the Boston Red Sox scoring Wednesday in a 5-4 decision over the Detroit Tigers.

Brewer, who has lost only three, needed a sparkling ninth-inning relief chow from Tommy Hurd to beat down a late Tiger rally. Hurd, taking over with the bases loaded and just one out, struck out slugger Charley Maxwell and

Nat's Stobbs Hands Chisox 6-2 Defeat

CHICAGO (AP)—The Washington Nationals, forced into overtime by Sam Esposito's home run, rallied for four runs in the 10th Wednesday to give lefthander Chuch Stobbs a 6-2 victory over the Chicago White Sox. Stobbs yielded nine hits in defeating the Sox for the fourth time this season.

Jim Wilson, who allowed only seven hits for nine innings, walked Eddie Yost to open the 10th. As the Sox anticipated a sacrifice bunt, Whitey Herzog swung and lined a double to left center, scoring Yost. Herzog was out trying to stretch the hit to a triple.

got Al Kaline on a routine fly to left field.

Williams, hitless in the first two games of the current series, blasted a three-run homer in the first inning off Paul Foytack. It was Williams' 10th of the season. Jensen's 12th home run came in the seventh behind a single by Mickey Vernon and iced the contest.

Held to a pair of singles for five innings, the Tigers reached the right-handed Brewer for two runs in the sixth on a single by Earl Torgeson, a triple by Maxwell and a single by Kaline. Detroit added one in the eighth on Maxwell's 20th home run in the upper right-field deck.

Foytack gave up eight hits and five bases on balls before giving way to Jim Bunning in the eighth. The Red Sox scored three times before Foytack retired a batter. Billy Goodman smacked a lead-

off single and Billy Klaus walked ahead of Williams' home run.

Grandmother To Receive BA; Helps Delinquents

A former resident of Staplehurst, who is helping salvage the lives of juvenile delinquents, will receive a Bachelor of Arts degree from the University of Nebraska Friday.

Mrs. Eleanor Andersen, a widowed grandmother, returned to the university this summer after a 28-year absence. She is getting a degree to keep her teaching certificate in force.

After her husband, a professor in the Medical College of Virginia, died three years ago, Mrs. Andersen accepted a teaching position in the Richmond, Va., Detention Home.

More Than 600

More than 600 children, ranging in age from 8 to 17, have passed through her classroom.

"And, of course, many of the children who enter my classroom are hostile," she said. "Most of

them hate school and teachers, but just give them a can of paint or some other craft work to do, and they'll blossom out."

Mrs. Andersen has two sons. Niels is working with the U.S. Reclamation Bureau in Sargent

MRS. ELEANOR ANDERSEN

and Thanning Jr., is a civil engineer in South Dakota.

The Friday commencement exercises will be held at 7 p.m. and Dr. Donald M. Typer, president of Doane College, will be the commencement speaker. Chancellor Clifford M. Hardin will preside.

Nearly 340 students will receive degrees.

ARTHRITIS?

I have been wonderfully blessed in being restored to active life after being crippled in nearly every joint in my body and with muscular soreness from head to foot. I had Rheumatoid Arthritis and other forms of Rheumatism. Hands deformed and my ankles were set.

Limited space prohibits telling you more here but if you will write me I will reply at once and tell you how I received this wonderful relief.

MRS. LELA S. WIER

Grandmother To Receive BA; Helps Delinquents

A former resident of Staplehurst, who is helping salvage the lives of juvenile delinquents, will receive a Bachelor of Arts degree from the University of Nebraska Friday.

Mrs. Eleanor Andersen, a widowed grandmother, returned to the university this summer after a 28-year absence. She is getting a degree to keep her teaching certificate in force.

After her husband, a professor in the Medical College of Virginia, died three years ago, Mrs. Andersen accepted a teaching position in the Richmond, Va., Detention Home.

More Than 600

More than 600 children, ranging in age from 8 to 17, have passed through her classroom.

"And, of course, many of the children who enter my classroom are hostile," she said. "Most of

them hate school and teachers, but just give them a can of paint or some other craft work to do, and they'll blossom out."

Mrs. Andersen has two sons. Niels is working with the U.S. Reclamation Bureau in Sargent

MRS. ELEANOR ANDERSEN

and Thanning Jr., is a civil engineer in South Dakota.

The Friday commencement exercises will be held at 7 p.m. and Dr. Donald M. Typer, president of Doane College, will be the commencement speaker. Chancellor Clifford M. Hardin will preside.

Nearly 340 students will receive degrees.

ARTHROSIS?

I have been wonderfully blessed in being restored to active life after being crippled in nearly every joint in my body and with muscular soreness from head to foot. I had Rheumatoid Arthritis and other forms of Rheumatism, hands deformed and my ankles were stiff.

Limited space prohibits telling you more here but if you will write me I will reply at once and tell you how I received this wonderful relief.

MRS. LELA S. WIER

Ike Signs, With Satisfaction, Bill Boosting Benefits To Servicemen's Survivors

WASHINGTON (AP) — President Eisenhower Wednesday signed with what he said was "great satisfaction" a bill substantially boosting benefits for many survivors of servicemen who die while on active duty.

The President, in a statement, said Congress "for the first time in many years, has given a measure of financial security to the families of our soldiers, sailors, airmen and Marines which will enable them to face the inherent hazards and uncertainties of military life with increased confidence."

Eisenhower called the bill an "important measure" and said it would have a far reaching effect on service personnel.

However, the new law—which becomes effective next Jan. 1—

will eliminate some benefits now available to servicemen, veterans and parents of deceased veterans.

Free Insurance

For one thing the \$10,000 free life insurance provided to all service personnel since a time during

7 Trailer Court Permits Renewed; Seven Withheld

The Lancaster County Commissioners, following hearings, approved renewals for seven trailer courts in the county, but temporarily withheld approval for seven others.

Ten trailer court owners are to appear next Tuesday for permit hearings.

Commissioner Del Lienemann noted that the majority of trailer courts have done a "terrific job" in complying with health department and building inspector directives and in raising court standards.

Most of the permit approvals withheld were for minor corrections that need to be made. Some are in the process of being done and approval was held up pending completion.

Permit renewals were approved for:

Capital Court, 1201 West O.
Hawking Trailer Court, Rt. 1.
1st Trailer Court, 2200 West O.
Oak and First Trailer Court, Oak and First.

Ring Trailer Court, 1802 West O.
Sunlight Trailer Court, 1724 West O.
Tom Thumb Motel and Trailer Court, 2101 West O.

the Korean fighting no longer will be available after Dec. 31. Also, when servicemen complete their military tours and return to civilian life they no longer will be able to buy low-cost government life insurance unless they are disabled.

The new law, a major part of Eisenhower's legislative program, would provide bigger payments to an estimated 65,000 widows and other beneficiaries. It increases Veterans Administration death compensation from the present \$69.60 a month in peacetime and \$97 in wartime to a sliding scale of \$122 to \$266, based on the husband's military rank.

Social Security

It eliminates an inequity under which dependents of a reservist killed on active duty now receive much more than do dependents of a man in the regular military service killed under similar circumstances.

The new law puts all service men under the Social Security system on a contributory basis with the government paying part of the serviceman's credits. In the case of widows, it would pay \$25 a month for each dependent child in excess of one if Social Security survivor benefits are too low or are completely lacking.

Estimated first year cost of the bill is 458 million dollars, with slightly higher annual costs thereafter.

Don't Hesitate To Slap Wolf-Jap Coeds Told

TOKYO (AP)—Japanese girls planning to study in the United States get this advice:

"When an American man starts to behave wickedly at you, don't hesitate to slap him in the face. It works instantly in the land of ladies first."

Japanese men, the dominant sex in their homeland, are reminded of the U. S. customs:

"It's ladies first, of course, when you enter a car or a door or sit down. But on a stairway, be sure to walk ahead of the lady. This is because the skirts are getting so short."

This and lots more advice appears in a handbook for more than 1,000 young Japanese leaving soon for American colleges.

The book is crammed with observations on America through the eyes of 15 Japanese educated in the United States last year.

A former Columbia University student in his advice to males declares:

Body Smells

"The body smells of Americans and Japanese are entirely different. Americans take utmost care and use plenty of deodorant."

Another Harvard student says:

"American barbers sell disservice at a high price. Better go to the barber after you've shaved yourself and just before you take a bath, because they don't even bother to remove the hairs from your clothes when they dump you

Four New Polio Cases Reported

Laboratory tests are being run on four new cases of polio reported to the State Health Department Wednesday.

Addition of the cases, if diagnosis proves to be correct, would bring the state total to 24 and would represent a weekly high for the year.

Two of the cases reported Wednesday originated in Douglas County, involving a woman, 47, and a 10-year-old boy.

The other two cases, in Saunders County, involve a woman, 34, and a child, 3.

The laboratory tests are being arranged by Al Rouse, state polio director. The tests are made at the Reihart Virus Laboratory at the University of Nebraska College of Medicine in Omaha under a new procedure in use this year.

Ike Signs, With Satisfaction, Bill Boosting Benefits To Servicemen's Survivors

WASHINGTON (AP) — President Eisenhower Wednesday signed with what he said was "great satisfaction" a bill substantially boosting benefits for many survivors of servicemen who die while on active duty.

The President, in a statement, said Congress "for the first time in many years, has given a measure of financial security to the families of our soldiers, sailors, airmen and Marines which will enable them to face the inherent hazards and uncertainties of military life with increased confidence."

Eisenhower called the bill an "important measure" and said it would have a far reaching effect on service personnel.

However, the new law—which becomes effective next Jan. 1—

will eliminate some benefits now available to servicemen, veterans and parents of deceased veterans.

Free Insurance

For one thing the \$10,000 free life insurance provided to all service personnel since a time during

7 Trailer Court Permits Renewed; Seven Withheld

The Lancaster County Commissioners, following hearings, approved renewals for seven trailer courts in the county, but temporarily withheld approval for seven others.

Ten trailer court owners are to appear next Tuesday for permit hearings. Commissioner Del Lienemann noted that the majority of trailer courts have done a "terrific job" in complying of health department and building inspector directives and in raising court standards.

Most Minor Changes

Most of the permit approvals withheld were for minor corrections that need to be made. Some are in the process of being done and approval was held up pending completion.

Permit renewals were approved for: Capitol Court, 1201 West O. Hawkins Trailer Court, Rt. 1. Lee's Trailer Court, 2300 West O. Oak and First Trailer Court, Oak and First. Ring Trailer Court, 1802 West O. Sunlight Trailer Court, 1724 West O. Tom Thumb Motel and Trailer Court, 2401 West O.

the Korean fighting no longer will be available after Dec. 31. Also, when servicemen complete their military tours and return to civilian life they no longer will be able to buy low-cost government life insurance unless they are disabled.

The new law, a major part of Eisenhower's legislative program, would provide bigger payments to an estimated 65,000 widows and other beneficiaries. It increases Veterans Administration death compensation from the present \$69.60 a month in peacetime and \$87 in wartime to a sliding scale of \$122 to \$266, based on the husband's military rank.

Social Security

It eliminates an inequity under which dependents of a reservist killed on active duty now receive much more than do dependents of a man in the regular military service killed under similar circumstances.

The new law puts all servicemen under the Social Security system on a contributory basis with the government paying part of the serviceman's credits. In the case of widows, it would pay \$25 a month for each dependent child in excess of one if Social Security survivor benefits are too low or are completely lacking.

Estimated first year cost of the bill is 458 million dollars, with slightly higher annual costs thereafter.

Don't Hesitate To Slap Wolf-Jap Coeds Told

TOKYO (AP)—Japanese girls planning to study in the United States get this advice: "When an American man starts to behave wickedly at you, don't hesitate to slap him in the face. It works instantly in the land of ladies first."

Japanese men, the dominant sex in their homeland, are reminded of the U. S. customs:

"It's ladies first, of course, when you enter a car or a door or sit down. But on a stairway, be sure to walk ahead of the lady. This is because the skirts are getting so short."

Sewer Assessment Notice And Notice of Board of Equalization to Equalize The Assessment

Notice is hereby given to all persons interested that on the 6th day of August, 1956, at a regular meeting of the City Council of the City of Lincoln, Nebraska, to be held at 1:30 o'clock p.m., or as soon thereafter as possible, in the Council Chamber in the City Hall of said City, the Council will assess the cost of sewer and improvement in Sewer District No. 405, being 43rd Street from LaSalle St. to Lo-

cus St., 44th St. from LaSalle St. to Pioneer Boulevard, 45th St. from LaSalle St. to Pioneer Boulevard, and Locust St. from 43rd Street to 44th Street, and the following described real estate benefited to-wit: All of Piece Union Addition. Further notice is hereby given that the City Council will sit as a Board of Equalization in the City Hall of said City, on Monday, the 13th day of August, 1956, at ten o'clock a.m., and on Tuesday, the 14th day of August, 1956, at ten o'clock a.m., on said days, with adjournments from day to day until said work of equalizing and distributing said tax upon the several pieces of property described in the above-named sewer district is completed. THEO. H. BERG, City Clerk.

Sewer Assessment Notice And Notice of Board of Equalization to Equalize The Assessment

Notice is hereby given to all persons interested that on the 6th day of August, 1956, at a regular meeting of the City Council of the City of Lincoln, Nebraska, to be held at 1:30 o'clock p.m., or as soon thereafter as possible, in the Council Chamber in the City Hall of said City, the Council will assess the cost of sewer and improvement in Sewer District No. 615, being in Crestview Drive from Everett Street to 25th Street, and the following described real estate benefited, to-wit: Lots 1 and 2 in Block 1, Lots 1 and 2 in Block 2, all in Hampton's Replat. Further notice is hereby given that the City Council will sit as a Board of Equalization in the City Hall of said City, on Monday, the 13th day of August, 1956, at ten o'clock a.m., and on Tuesday, the 14th day of August, 1956, at ten o'clock a.m., on said days, with adjournments from day to day until said work of equalizing and distributing said tax upon the several pieces of property described in the above-named sewer district is completed. THEO. H. BERG, City Clerk.

Notice to Contractors

Scaled proposals will be received by the City Council of the City of Lincoln, Nebraska, at the office of the City Clerk, up to 10 o'clock a.m., Central Standard Time, Wednesday, August 8, 1956, for the construction of resurfacing in Resurfacing District No. 31, being in 11th Street from the west line of 8th Street to the west line of 9th Street, in said City, according to the plans and specifications of the City Engineer on file in the office of the City Clerk. Plans and specifications may be seen and blank proposals obtained in the office of the City Engineer. The City Engineer's estimate of the cost of this resurfacing is \$2,500.00. Each proposal must be accompanied by a certified check for \$125.00, made payable to Frank J. Miller, City Treasurer, as a guarantee of good faith. The City reserves the right to reject any or all proposals and to waive any defect in proposals. THEO. H. BERG, City Clerk.

Notice to Contractors

Scaled proposals will be received by the City Council of the City of Lincoln, Nebraska, at the office of the City Clerk, up to 10 o'clock a.m., Central Standard Time, Wednesday, August 8, 1956, for the construction of resurfacing in Resurfacing District No. 29, being in 13th Street from the south line of "J" Street to the south line of "O" Street, in said City, according to the plans and specifications of the City Engineer on file in the office of the City Clerk. Plans and specifications may be seen and blank proposals obtained in the office of the City Engineer. The City Engineer's estimate of the cost of this resurfacing is \$21,000.00. Each proposal must be accompanied by a certified check for \$1,050.00, made payable to Frank J. Miller, City Treasurer, as a guarantee of good faith. The City reserves the right to reject any or all proposals and to waive any defect in proposals. THEO. H. BERG, City Clerk.

Water Assessment Notice And Notice of Board of Equalization to Equalize The Assessment

Notice is hereby given to all persons interested that on the 6th day of August, 1956, at a regular meeting of the City Council of the City of Lincoln, Nebraska, to be held at 1:30 o'clock p.m., or as soon thereafter as possible, in the Council Chamber in the City Hall of said City, the Council will assess the cost of water main and improvement in Water District No. 426, being Twin Ridge Road between South Street and Sumner Street, and the follow-

ing described real estate benefited, to-wit: All of Reed Heights. Further notice is hereby given that the City Council will sit as a Board of Equalization to equalize the above assessment and distribute said tax in the Council Chamber in the City Hall of said City, located at 10th and O Streets, on Monday, the 13th day of August, 1956, at ten o'clock a.m., and on Tuesday, the 14th day of August, 1956, at ten o'clock a.m., on said days, with adjournments from day to day until said work of equalizing and distributing said tax upon the several pieces of property described in the above-named water district is completed. THEO. H. BERG, City Clerk.

Notice to Contractors

Scaled proposals will be received by the City Council of the City of Lincoln, Nebraska, at the office of the City Clerk, up to 10 o'clock a.m., Central Standard Time, Wednesday, August 8, 1956, for the construction of the sewers in Sewer District No. 621, being in Kessler Boulevard from Fieble Boulevard to 27th Street and 27th Street from Kessler Boulevard to Woods Boulevard, in said City, according to the plans and specifications of the City Engineer on file in the office of the City Clerk. Plans and specifications may be seen and blank proposals obtained in the office of the City Engineer. The City Engineer's estimate of the cost of these sewers is \$3,100.00. Each proposal must be accompanied by a certified check for \$170.00, made payable to Frank J. Miller, City Treasurer, as a guarantee of good faith. The City reserves the right to reject any or all proposals and to waive any defect in proposals. THEO. H. BERG, City Clerk.

Notice to Contractors

Sealed proposals will be received by the City Council of the City of Lincoln, Nebraska, at the office of the City Clerk, up to 10 o'clock a.m., Central Standard Time, Wednesday, August 8, 1956, for the construction of resurfacing in Resurfacing District No. 30, being in 8th Street from the north line of "O" Street to the south line of "P" Street, in said City, according to the plans and specifications of the City Engineer on file in the office of the City Clerk.

Plans and specifications may be seen and blank proposals obtained in the office of the City Engineer.

The City Engineer's estimate of the cost of this resurfacing is \$3,300.00.

Each proposal must be accompanied by a certified check for \$165.00, made payable to Frank J. Miller, City Treasurer, as a guarantee of good faith.

The City reserves the right to reject any or all proposals and to waive any defect in proposals.

THEO. H. BERG, City Clerk.

Notice to Contractors

Sealed proposals will be received by the City Council of the City of Lincoln, Nebraska, at the office of the City Clerk, up to 10 o'clock a.m., Central Standard Time, Wednesday, August 8, 1956, for the construction of the paving in Paving District No. 144, being in Burlington Avenue from 6th Street to 6th Street, and 6th and 6th Streets from Platte Avenue to Burlington Avenue, in said City, according to the plans and specifications of the City Engineer on file in the office of the City Clerk.

Plans and specifications may be seen and blank proposals obtained in the office of the City Engineer.

The City Engineer's estimate of the cost of this paving is \$18,000.00.

Each proposal must be accompanied by a certified check for \$900.00, made payable to Frank J. Miller, City Treasurer, as a guarantee of good faith.

The City reserves the right to reject any or all proposals and to waive any defect in proposals.

THEO. H. BERG, City Clerk.

Notice to Contractors

Sealed proposals will be received by the City Council of the City of Lincoln, Nebraska, at the office of the City Clerk, up to 10 o'clock a.m., Central Standard Time, Wednesday, August 8, 1956, for the construction of the water mains in Water

District No. 448, being in Kessler Boulevard from Platte Boulevard to 27th Street, and 27th Street from Kessler Boulevard to Burnham Street, in said City, according to the plans and specifications of the City Engineer on file in the office of the City Clerk.

Plans and specifications may be seen and blank proposals obtained in the office of the City Engineer.

The City Engineer's estimate of the cost of these water mains is \$7,100.00.

Each proposal must be accompanied by a certified check for \$355.00, made payable to Frank J. Miller, City Treasurer, as a guarantee of good faith.

The City reserves the right to reject any or all proposals and to waive any defect in proposals.

THEO. H. BERG, City Clerk.

Notice to Contractors

Sealed proposals will be received by the City Council of the City of Lincoln, Nebraska, at the office of the City Clerk, up to 10 o'clock a.m., Central Standard Time, Wednesday, August 8, 1956, for the construction of the alley paving in Alley Paving District No. 255, being in the alley between "Q" Street and "R" Street from 18th Street to 17th Street, in said City, according to the plans and specifications of the City Engineer on file in the office of the City Clerk.

Plans and specifications may be seen and blank proposals obtained in the office of the City Engineer.

The City Engineer's estimate of the cost of this alley paving is \$2,300.00.

Each proposal must be accompanied by a certified check for \$115.00, made payable to Frank J. Miller, City Treasurer, as a guarantee of good faith.

The City reserves the right to reject any or all proposals and to waive any defect in proposals.

THEO. H. BERG, City Clerk.

Now Many Wear FALSE TEETH With More Comfort

FASTEETH, a pleasant alkaline (non-acid) powder, holds false teeth more firmly. To eat and talk in more comfort, just sprinkle a little FASTEETH on your plates. No gummy, goopy, pasty taste or feeling. Checks "plate odor" (denture breath). Get FASTEETH at any drug counter.

Notice to Contractors

Sealed proposals will be received by the City Council of the City of Lincoln, Nebraska, at the office of the City Clerk, up to 10 o'clock a.m., Central Standard Time, Wednesday, August 8, 1956, for the construction of the water mains in Water District No. 446, being in 70th and 71st Streets from Seward Street to Kearney Street, and Seward Street from 70th Street to 71st Street, in said City, according to the plans and specifications of the City Engineer on file in the office of the City Clerk.

Plans and specifications may be seen and blank proposals obtained in the office of the City Engineer.

The City Engineer's estimate of the cost of these water mains is \$5,500.00.

Each proposal must be accompanied by a certified check for \$275.00, made payable to Frank J. Miller, City Treasurer, as a guarantee of good faith.

The City reserves the right to reject any or all proposals and to waive any defect in proposals.

THEO. H. BERG, City Clerk.

Advertisement for Bids

The City of Lincoln, Nebraska will receive sealed bids for construction of Pipe Lines in Ashland Well Field Additions up to 10 o'clock, A. M., Central Standard Time at the office of the City Clerk, Lincoln, Nebraska on the 22nd day of August, 1956, at which time and place all bids will be publicly opened and read aloud.

The Contract Documents, including plans and specifications, may be obtained at the office of the City Engineer and at the office of Harold Hoskins & Associates, Engineers, 1630 Que Street, Lincoln, Nebraska.

Each bid shall be accompanied, in a separate sealed envelope, by a certified check drawn on a solvent bank in the State of Nebraska or a satisfactory bid bond with an amount not less than 5% of the bid and shall be made payable to the City Treasurer of the City of Lincoln, Nebraska, as security that the bidder to whom the contract will be awarded will enter into a contract to perform the work in accordance with this notice, and give bond in the sum as hereinafter provided. Bid security accompanying bids not accepted shall be returned to the bidder.

turned to the bidders. Bid security of the bidder to whom the contract is awarded will be returned provided, and when said successful bidder executes the contract and files a satisfactory bond as hereinafter stipulated.

No bid shall be withdrawn after opening the bids without the consent of the City of Lincoln, for a period of 30 days after the scheduled time of closing bids.

The City of Lincoln reserves the right to reject any or all bids and to waive any informalities in bidding.

The successful bidder will be required to furnish a satisfactory performance bond in the sum of the full amount of the contract.

In general, the work on which bids are requested will require water main and appurtenant construction in the following approximate quantities:

15,796 Lin. Ft. 36" water main
995 Lin. Ft. 30" water main
1,191 Lin. Ft. 24" water main
1,920 Lin. Ft. 20" water main
4,035 Lin. Ft. 16" water main

The Engineer's estimate of construction cost is \$630,700.00.

Dated at Lincoln, Nebraska this 16th day of July, 1956.
